Foreword

WE, the students of Western State Teachers College, on the occasion of her Silver Anniversary, are happy to present this issue of the Brown and Gold as a record of the twenty-fifth year of growth. May it serve as a constant reminder of priceless campus friendships, high academic attainments, and worthy achievements of a progressive Alma Mater.

Dedication

WE, the students of Western State Teachers College, respectfully dedicate the 1929 Brown and Gold to our esteemed counselor and true friend, President Dwight B. Waldo, rejoicing with him in the Silver Anniversary of our school and congratulating him upon his achievements in his quarter-century of service to education.

Contents

BOOK I. THE COLLEGE

Campus, Administration and Faculty

BOOK II. CLASSES

Senior, Junior, Sophomore, Limited,
Freshman

BOOK III. ACTIVITIES

Student Leaders, Features and Snaps,
Forensics, The Arts, Organizations

BOOK IV. ATHLETICS

Football, Basketball, Baseball, Track,
Tennis, Men's Intra-murals, Co-ed
Athletics

BOOK V. ADVERTISING AND HUMOR

*Earth has not anything to show more fair:
Dull would be he who could pass by
A sight so touching in its majesty.*

—WORDSWORTH

The College

Campus

And the thoughts of youth
are long, long thoughts.

—Longfellow

The patter of little feet,
The sound of a door that is opened,
And voices soft and sweet.

—Longfellow

Whose sunbright summit mingles
with the sky.
—Campbell

Then joust manfully and joyously
And ye shall be honoured and held dear.

—Deschamps

Wisdom hath builded her house.

—Proverbs

Whether it be the heart to conceive,
the understanding to direct,
or the hand to execute. —Junius

Freshman Council

THE Freshman Council supervises the activities of the Freshman Class. It places three representatives and its president upon the Student Council to make certain that its interests are observed there. The council also has charge of all the social functions during the year.

The membership consists of the four class officers: the president, vice-president, secretary, and treasurer; and three representatives. The following are the people who have served on the council during the past year.

JACK ZAREMBA, *Grand Rapids*
B. S. Degree; Freshman Class President;
Men's Glee Club; Student Council; W. S.
T. C. Choir; Band, Orchestra

WESLEY MERRITT, *Springfield, Mass.*
Music; Freshman Class Vice-President;
Men's Glee Club; W. S. T. C. Choir

FREDERICK OLSEN, *Mattawan*
Commerce; Freshman Class Secretary and
Treasurer

MARGARET CLARK, *Paw Paw*
Senior High; Freshman Class Representa-
tive; Student Council; Academy; Eldor-
ado Club

JOHN OOSTERLING, *Grand Rapids*
A. B. Degree; Freshman Class Represent-
ative; Student Council; Men's Glee Club;
W. S. T. C. Choir

LORRAINE BOEKELOO, *Kalamazoo*
B. S. Degree; Freshman Class Represent-
ative; Student Council

Zuidema, McMillen, Wiles, Harrington, Hern, Goodrich, Miner, Twiss, Oosterling, McElwain

Sturr, Teikari, Kirby, Elliott, Hawley, Hammond, Prolo, Huggett

The Degree Courses

NOT much more than a decade has elapsed since Western granted its first degrees to a class of seven. Last year one hundred eighty-eight degree diplomas were bestowed and the enrollment in degree courses is, at the present time, seven hundred seventy-three. The extent to which the degree curricula have been elected indicates that the time is not far distant when more students will be found in these courses than in all special short courses combined. Already the degree group is by far more numerous than any other on the campus. Revisions of the curricula are now in process, looking to such organization of courses that practically all students will, from the first, be enrolled in work that is of distinctively degree quality. This is in keeping with the development of higher ideals in public education and such a trend is a tribute both to the discerning judgment of students and to the progressive spirit of Western State Teachers College.

ADVISORS

MISS OSBORN

DR. EVERETT

DR. HILLIARD

MR. BLAIR

Zacharias, Buege, Bucklin, Dykstra, Foll, Nyhoff, Densmore, Saunders
 Musser, Johnston, Arent, Malmstone, Rapp, Elsie, Blue, Smith
 Winters, Patterson, Welbaum, Gibbs, Bachelder, Schrump, Moon
 Wise, Holaday, Hazzard, Saxon, Robinson, Hunt, Brand

Senior High Department

DUE TO the ever increasing educational standards expected of teachers, the Senior High Department has not been playing as important a role as in former years. To meet accrediting Standards of the University of Michigan and also of the North Central Association, High Schools find it increasingly necessary to hire teachers with Degrees. As a result students with a two year Senior High Life have only been placed in our smaller High Schools throughout the state.

The Senior High Department covers the problems of teaching in the tenth, eleventh and twelfth grades. Students who enroll in this work take a general course but specialize within it. Such majors as Science, Mathematics, English, Languages, History or combinations of any two of these are common to those who elect the course.

A feature of the Senior High Course is its adaptability to a degree curriculum. Due to the fact that nearly all the subjects of the course may be readily applied on a degree, students often find it convenient and profitable to continue their work above the two years of the course and get their Bachelor of Arts or Bachelor of Science degree.

Undoubtedly this department will either be enlarged and lengthened or it will merge into the Degree course. It has a distinct value as yet, however, in meeting the needs of the small High School.

ADVISORS

MISS ZIMMERMAN

DR. SANGREN

Palen, Vander Ven, Pierson, Millard, Jensen, Downes, Bouda, Seymer
 Medwed, Bushee, Kinney, Hayes, Lacy, Daly, Pettyjohn
 Taylor, Sherwood, Layne, Schoonmaker, Winterhoff, Jakeway, Kirkland

Later Elementary Department

THE Later Elementary department has about as large an enrollment as any department on Western's campus. Its work is that of training teachers for the third, fourth, fifth and sixth grades. These grades represent the transition period between the Kindergarten and early elementary period (which consists in a large part in organized play) and the Junior High School with its problems of adolescent age. The later elementary grades train the child through the early adolescent period of active childhood. It is an important time in the child's life in that habits are formed in this period which influence all later teachings.

Courses in Psychology, Education, English, Art and Music and three consecutive courses in some subject taught in the Later Elementary curriculum are required of students electing this course. Practice teaching is, of course, confined to the four later elementary grades. The remainder of the term hours required are earned through electives which include a well balanced variety of subjects.

In that four grades are included in this department and that these grades are usually the most populous in enrollment in our public schools to-day, the demand for teachers in this department is unusually great.

ADVISORS

MISS STEELE

MISS ARGABRIGHT

Haight, Thomas, Watson, McNitt, Haight, Burns, Hinshaw, Bishop
 Terry, Bell, Overton, Uecker, McBride, Williams, Harmens, Flint
 Hefferan, Oliver, Bailey, Hall, Abel, Brakeman, Crosby, Dozier, Pashby
 Jacobson, Hill, Rankin, Bowser, Snyder, Geminder, Cross

Early Elementary Department

INTEREST in the education and guidance of young children is more widespread today than it has been at any previous period. Physicians, psychologists, parents and teachers are now studying the problems of the young child with renewed energy and zeal. Scientific studies prove most conclusively that the early years of the child's life are the most important years for the development of correct habits and attitudes.

This year, 1929, is a most important one in the life of the Early Elementary department of Western State Teachers College. It marks the beginning of a three-year course in this department, the completion of which entitles the student to the Life Certificate granted by the State of Michigan.

The Early Elementary department in Western State Teachers College is one of the largest and most active groups in the College. Many worth while activities are carried on, such as buying cots for the Kindergarten room at Richland, adding money each year to the Fannie Ballon Scholarship Fund, and co-operating with other agencies of the city in bringing some outstanding speaker to the city each year to discuss some problem connected with the education of growing children.

ADVISORS

MISS CAMPBELL

MRS. PHILLIPS

Adams, Thaler, Stetler, Gentzler, Van Voorhees, McCarty, Costello, Carter, Antone
Morris, Burlington, Edmondson, Bigelow, Vosburgh, Mooney, Badger, Carroll
Buttolph, N. Young, L. Young, Jackson, Bicknell, Westbrook, Bray

Home Economics Department

IT is the aim of the Home Economics department to develop high standards of home and family life in all of its phases—food, shelter, clothing and the training and care of children.

A background for such a wide field requires much of art, science, and economics. As a concomitant, a three-year course is necessary for a life certificate. At present many students are entering upon a full four-year program toward the degree of Bachelor of Arts or Bachelor of Science with a major in Home Economics.

Students find that this work not only fits them for teaching the culinary and associated arts, but helps them to earn money while attending college by planning, cooking and serving meals and teas, doing housework and caring for children.

The Home Economics department has been proving its worth by placing nearly one hundred per cent of its graduates in good teaching positions. The fact that Home Economics graduates are in such demand should be an added incentive for those electing the course.

ADVISORS

MISS SCHUMACHER

MISS MOORE

Olsen, Wheeler, Myers, O'Brien, Norlin, Burchett
McCay, Molter, Powell, Bullock, Gregoire, Stanford
Roelofs, Keyes, Belcher, Cline, Roberts

Commerce Department

THE Department of Commerce was organized at Western State Teachers College in the fall of 1916, at which time a two-year course was offered. Now, Western offers a three-year curriculum in commercial subjects, granting a life certificate which may be applied toward either a Bachelor of Arts or Bachelor of Science degree. It is hoped that before many years pass a regular four-year course in Commerce leading to an A. B. Degree will be offered.

A complete equipment of typewriters, filing cabinets, duplicating machines, etc., has been provided so that students may have an opportunity to become familiar with modern mechanical office devices. The course gives a good preparation for business, for in spite of the degree of specialization necessary for the training of a commercial teacher, it is broad enough to cover the entire field of business.

During the period of its existence it has grown from an enrollment of a mere half dozen students to an enrollment of about one hundred twenty-five. At the end of the present year a class of about twenty-five students was graduated. Graduates from the Department of Commerce will be found in large proportion of the commercial departments of high schools throughout the state.

ADVISORS

MR. PENNELL

MISS LEIGHTON

Backus, Niessink, Crothers, Switalski, Levine, Shirkey
Maikowski, Kowalski, Sanders, Merritt, Willits, Holbrook
Nash, Walker, Feightner, Biddlecome, Beeman, Kamiensky

Music and Art Departments

Not only does Western's Music department prepare students to become supervisors of music but it also provides an opportunity for all students to develop an appreciation for music through regular classroom work, listening to well-chosen programs, or participating in some of the various musical organizations. There are several of such groups such as the Band, Orchestra, Glee Clubs, Choir, and Chorus which have won recognition both at home and on tours and whose services are in constant demand for many and varied occasions.

Last year the Music department in conjunction with the Chicago Festival Opera Company presented Verdi's *Aida* while this year the opera given was Gounod's *Faust*, the second time professional musicians had taken the main roles in a Western musical production.

The Art department does not lag behind the Music in the number of its accomplishments for the past year. As its membership is made up of those intending to be designers as well as teachers, considerable latitude is allowed for artistic expression in the various fields of poster and stage designing, "mural" painting, and table decorating. The art students have given freely of their time and ability to aid other organizations and their spirit of cooperation is greatly appreciated.

ADVISORS

MR. MAYBEE

MISS SIEDSCHLAG

Williams, Lewis, Coleman, Weinberg, White, Klaiss, Sapala, Donley, Ehle
 Wilson, Calkins, Seekamp, Martin, Gary, McWethy, Doll, Sumerix
 Thomas, Davis, Leach, Pintal, Vorenkamp, Rousseau, Flaningam, Smalley

Manual Arts Department

WESTERN State Teachers College has one of the finest Manual Arts Departments, if not the finest one, of any of the colleges in Michigan. So noted has this department become that it has attracted students from all over Michigan—from the Upper Peninsula to Detroit. Its work is carried on in the fine Manual Arts Building with additional work in printing being done in the Barracks.

The Manual Arts course puts the laboratory method of teaching into practice more nearly than any course offered on the Teachers College campus. It seeks to correlate theory with practice—an end sought in all education to-day. Its curriculum includes work in auto mechanics, woodshop, machine shop, mechanical drawing, printing, farm mechanics, household mechanics and allied and kindred fields.

The Manual Arts course requires two years for a Life certificate but its curriculum is so arranged that it meets the requirements toward a Bachelor of Science degree. It seeks to train and develop students in both the teaching and practical application of the useful arts.

Members of the Manual Arts department are in great demand by school men all over the state in that the work represents the newer trend of vocational education.

Women's Physical Education Department

THE Women's Department of Physical Education at Western State Teachers College has a double function. The first is the training of special teachers of physical education who will be prepared to teach in every grade from the first through the high school and college. Particular stress has been laid on physical education for Women in later years and this department is now firmly established in our public school system. In this capacity the department has directed the activities of ninety-five women students during the current year.

Another function of the department is to furnish physical education activities of many varieties for all women in the college. Through recreative activities, an attempt is made to help the student appreciate the value of maintaining a balance between work and play, and between mental efficiency and physical efficiency. Each student is also given some idea of how to be responsible for the physical education of the children in the grade in which she expects to teach. The department has been unusually successful in fulfilling these aims and as a result, the demand is great for the graduates in the physical education field.

ADVISORS

MISS WORNER

MISS HUSSEY

 Smith, Hudnut, Hobeck, Galloway, Taylor, Bailey, Jones
 *Wynn, Gay, Roush, Whalen, Patterson, Ruggles, Yack

Men's Physical Education Department

THE Men's Physical Education Department was organized in 1919 with fifteen members. The two-year course was expanded to three years in 1925, and the enrollment in the department has steadily increased to a total of 149 in the winter term of 1928-29. Seventy-eight freshmen enrolled in the fall of 1928. Many of these students will remain to receive the B. S. degree, now offered upon completion of the full four-year course.

The objective of the physical education department is not only the training of coaches for service in Michigan schools, but to offer for the men enrolled a program which will lay the basis for sounder health and heartier character in future years.

There are approximately one-hundred graduates of this department now engaged in coaching athletics or teaching physical education in the public schools of Michigan and other states.

Western's new gymnasium, completed in 1925, has stimulated great interest in carrying out the physical education course of study. A fifteen acre athletic field with facilities for all outdoor sports supplements the opportunity of the modern gymnasium.

Kirschner, Mattocks, Casler, Schrier, McCarthy, Wolfe, Rowe, Struble, Beninson
 Madigan, Buehler, Dedo, Meyer, Winkel, Maloney, White, Moore
 Mackay, Witinko, Ackerman, Althoff, Pellegrom, Overton, Corbat

The intra-mural sports in 1928-29 attracted large numbers of men into various athletic contests. During the winter term twenty teams of ten men each, organized in two leagues, competed for intra-mural honors on the basketball court. Each team played fourteen games. At the end of this schedule the winners of the two leagues played in a championship series for all-College honors. The Beninson freshmen won first place in this tournament, with the Oteyokwa club runner-up.

A total of 265 men engaged in this sport, and in hand ball, boxing and wrestling. The intra-mural cross country runners in the fall term numbered thirty men.

In the spring term of 1928, intra-mural sports expanded to include golf, archery, diamond ball, horse shoes and tennis. Seventy men entered the golf tournament. Twelve teams of fifteen men each, organized in two leagues, competed in diamond ball.

It is the hope of those in charge of Western States men's intra-mural program that every man enrolled at Western shall learn how to play at least one game which shall be an important factor in his recreation throughout his life.

Forensic Board

THE debating activities of Western State Teachers College, both intercollegiate and intra-mural are under the auspices of the Forensic Board. The Board is composed of the two debate coaches, a manager appointed by the student council, a women's debate manager, and a representative from each of the four debating societies.

The Forensic Board has promoted debating activities on the campus this past year in various ways. It sponsored the Women's International debates with the Women debaters from England and the men debaters from Canada. The Extemporaneous Speaking Contests each year are under the direction of the Board. It also managed the Mid-Winter Frolic in February.

The Debaters Loan Fund, founded and supported by the four debating societies, is also controlled by this body. This fund assists varsity debaters who need financial help while at Western. A substantial Loan Fund is now accumulating for this cause.

Tau Kappa Alpha

FOR some years back the debaters of Western State Teachers College, both women and men, have done outstanding work in the forensic field. Desire became strong for affiliation with Tau Kappa Alpha, the national honorary fraternity, and in the Spring of 1928, Western secured a membership with this organization. Twelve students were eligible for membership but at the close of the year, six of the number were lost through graduation.

With but a nucleus of six members to start the year, Tau Kappa Alpha carried on and this year many new members joined the ranks of the local chapter of the forensic national. As a result of the successful season for both women and men debaters many new candidates were eligible.

Membership in the fraternity is limited to those who have participated in three or more intercollegiate debates. It is not a society to which all debaters automatically become members in that all members must be elected to membership.

During the past year several universities and colleges having chapters of Tau Kappa Alpha were debated by Western's teams. Among these were the University of Cincinnati, Miami University, Waynesburg College and Lawrence College.

Eligibility to Tau Kappa Alpha has come about through the successful seasons of past years under Coaches Lindblom and Lahman. In this connection it is of note that Western is the only Teachers College in the United States that has secured affiliation with the national forensic Society. Western should feel proud of its Tau Kappa Alpha chapter on the campus.

Men's Intercollegiate Debating

THE men's debating squad of Western State Teachers College engaged in a vigorous season for a squad of a few men. Two questions were used—one for the debates in the Michigan Debating League and the Midwest question, which was agreed upon by colleges in Illinois, Wisconsin and Michigan. Using two questions requires skillful debating and extensive research.

In the Michigan League, debates were held with Olivet, Calvin, Ypsilanti and Alma. Western won the first three of these and lost the last one. The question debated in the State League was "Resolved, that the present Jury system should be abolished." The Jury question was a popular as well as an interesting question.

The Mid-West question was debated under various wordings, the official wording, however, being, "Resolved, that the public should retain possession of and develop the principal sources of Hydro-electric power in the United States. Due to many American municipalities producing their own power in later years the Super-power question was a timely one.

Those entering at least one debate during the year and who were given awards at the annual Forensic Recognition banquet were:—Stephen Lewis, Harry Endsley and Jerald Hill of Kalamazoo; Joseph Wepman and Cecil DeKraker of Grand Rapids; Bernard Knittle of Dowagiac; Eldred Daniels of Tipton and Charles Ferguson of Ludington.

Taking the entire season as a whole it was largely successful. Out of fourteen debates held during the season Western won nine and lost five. Victories were scored over Detroit City College, Western Reserve University, University of Cincinnati and Oshkosh.

WEPMAN

Extemporaneous Speaking

THE second All-Campus Extempore Contest was held in the Spring of 1928 in the High School assembly and much interest was manifested. The contest was open to all the students of Teachers College and after a close elimination series, five contestants were picked to speak in the finals.

Arthur Secord, speaking on "Mississippi Flood Control," won first place. Second place was awarded to Deldee Myrick who was given the topic "The Nicaraguan Situation." "Presidential Possibilities" was the topic of Joseph Wepman who won third place. Dorothy Daniels and Jeanette Johnson were given honorable mention.

The student council also sponsored an Extempore contest, limiting participants to only inexperienced speakers. This event was held in the Training School Rotunda. Clara Rook using as her topic, "The Illinois Primary" won the Silver Loving Cup which was awarded for first prize. Second place was awarded Joseph Adams who used the topic, "Issues in the Coming Election." Third place was awarded Helen Roth who took the theme, "The Socialist Ticket."

So successful was this contest last Spring that the Student Council has decided to hold one every year to promote interest in Public Speaking at Western.

International Debate with the British

THIS year marks the entrance of Western's women into the field of international debating. On November 24, Western upheld the negative against a composite British team representing three of the leading British Universities, London, Cambridge, and Oxford, represented respectively by Miss Margery Sharp, Miss Leonora Lockhart, and Miss Nancy Samuel.

The question, that the popular reading of psychology is undermining morals, lent itself to an interesting public decision before the large audience at the city auditorium. The audience responded with a large vote, conceding the victory to the negative, upheld by Miss Sarajane Lininger, Miss Marion Lamphere, and Miss Clara Rook, of Western.

JOHNSON

CLARK

SCHMIDT

International Debate with the Canadians

WOMEN of Western have been fortunate in having the opportunity of a second international debate in the year of their initiation into debating with teams from abroad. On February 5, the women, represented by Miss Jeannette Johnson, Miss Margaret Clark, and Miss Josephine Schmidt, met the Canadian debaters on the question of curtailment of installment buying.

After a very amicable and enjoyable debate, the Canadians, upholding the negative, won the audience decision by a narrow margin.

The Canadian debaters were Mr. E. Giviney Evans, graduate of University of Manitoba, Mr. Albert E. Smith, senior in McMaster University, Toronto, and Mr. Fred MacRae, of the University of Western Ontario, London, Ontario.

Sturr	Ribe	Burch	Elsie	Rapp

Women's Intercollegiate Debating

THE record of women's debating this year has exceeded that of previous years in many respects. The season has brought more debates, more debaters, and larger audiences than ever before.

After a rather heavy preliminary schedule of two international debates, one with the British women on the Psychology question and one with the Canadian men on the question of Installment Buying, a squad of fifteen women opened the regular schedule of the winter term.

The negative started with a trip into Wisconsin and Illinois debating Carroll College and North Central in non-decision debates. On March fifteen, they began their spectacular record of winning all their decision debates: first, with Mount Pleasant, which the women of Western won unanimously; then, with Wheaton, won by a two-to-one decision; next, with Ypsilanti, in another unanimous decision. Finally, the season closed with a victory of two-to-one over Albion.

The affirmative has an equally enviable record, with only one defeat, the debate lost to Ypsilanti in a split decision. This was more than compensated with a two-to-one victory over Albion, followed with a unanimous victory over Olivet, and a two-to-one victory over Wheaton in the last debate of the season.

One of the very gratifying features of the season has been the large attendance at debates. This is partly due to the fact that two of the debates have been international debates, but it is also due to the immediate interest of the people in both questions discussed.

In all, the season closed with thirteen women taking part in the largest schedule of debates the women of Western have yet attempted.

Intra-mural Debating

THE timely question, "Resolved that the present form of trial by jury should be abolished," aroused active interest in intra-mural debating among the four forensic societies.

Each society selected a team which worked to its utmost to renew the competition for the silver trophy awarded by the Kalamazoo County Bar Association to the victors. The competition is felt more keenly each year.

In the opening debate the Academy, upholding the affirmative, and represented by Dorothy Eccles, Ethel Ridout, and Norma Bliss, met the Senate negative team, represented by Rhea Tiffany, Maxine Noecker, and Louise Feeney. The Senators were the victors.

The second debate was staged between the Forum, upholding the affirmative, and represented by Joseph Adams, Carl Snow, and Oliver Wood, and the Tribunal, represented by Glenn Post, Abe Drasin, and Brewster Lewis. The Tribunal was victorious.

In the final debate, the Senate, again upholding the negative, met the Tribunal, upholding the affirmative. The Senate carried away the honors, winning the cup for its society for the fourth time.

Intra-mural debates this year numbered among the outstanding campus activities and the opportunity for making them hold the same interest in coming years is anticipated.

Choir

THE Western State Teachers College Choir, consisting of about sixty-five voices, is the newest and largest musical organization on Western's campus. A large percentage of this group is made up of members of the Men's and Women's Glee Clubs.

The choir was organized early last fall by Professor Harper C. Maybee, Head of the Music Department, and is efficiently directed by him. He has trained the group in four, six, and eight part work on compositions by some of the world's greatest masters of music, including Bach, Gavaert, Elgar, Mendelssohn, and Noble.

The Choir made many appearances before large audiences in Kalamazoo, Albion, Jackson, Detroit, Hamtramck, Fordson, Portage, Richland, Dowagiac, Union City, Chicago, and Milwaukee. At Detroit the Choir sang over radio station WWJ, at Chicago, over station WMAQ, and over station WTMJ of Milwaukee. It has also appeared in: assemblies; the Annual Alumni Banquet, in Detroit; the dedication services of the new First Methodist Episcopal church of Kalamazoo; the North Central Music Supervisors' Conference at Milwaukee; and furnished the greater part of the opera chorus in "Faust" which was given before a capacity audience at Central High School auditorium by the entire Music Department in connection with the Chicago Festival Opera Company.

In the Silver Anniversary Celebration the choir gave Mendelssohn's great oratorio "Elijah" as a fitting climax to the graduation exercises.

Women's Glee Club

THE Women's Glee Club has enjoyed a most successful season due, in part, to its varied and high type of talent; keen competition for places and; the interest and efficient direction of Dorothea Sage Snyder. The Club consists of thirty-two voices selected from the entire group of about seventy singers. A second Glee Club is organized for those in reserve.

This season's programs have included works of the world's greatest composers and have been exceptionally well received because of their wide range of contrast. A vocal quartet and trio, a whistler, a violinist, a pianist, and vocal soloists have given attractive numbers to the programs. Concerts have been given in Colon, Paw Paw, Plainwell, Otsego, Allegan, Nashville, Battle Creek, Grand Rapids, and Detroit. The club has made many local appearances also.

Many musicians and critics, including David Mattern of Grand Rapids, and Glen Aumond of Kalamazoo, have praised the work of the group highly. The latter said, "They sing as a 'unit' in a most intelligent and artistic manner with a tonal quality calling for sincere praise."

Quartet

THE Women's Quartet of Western State Teachers College, very ably and enthusiastically directed by Dorothea Sage Snyder, has had a very worthwhile year. The Steady demand for this group speaks for its popularity and quality of entertainment. A great number of engagements have been filled, among which were: banquets; assemblies and other school functions; and many luncheon clubs, including the Rotary, Kiwanis, Exchange, and Altrusa Clubs.

The Quartet has given a group of numbers on each of the programs presented by the Women's Glee Club.

Banninck, *Accompanist*

Stewart

Fessenden

Davis

Trio

THE Women's Trio of Western State has had a very successful year under the excellent direction of Dorothea Sage Snyder. The three young women have beautiful voices which blend into a very lovely and pleasing ensemble.

The trio has been accompanied on many of its programs by Miss Leona Skory, violin soloist for the Women's Glee Club. Miss Skory is an artist on her instrument and has added much color to the vocal numbers with her violin obligatos.

Much publicity has been afforded Western State Teachers College through the large number of engagements this group has fulfilled. It has appeared before several luncheon clubs of Kalamazoo including the Kiwanis; Rotary; Business and Professional Women; and the Presbyterian Men's Clubs. It has sung for many other clubs including the Westminster Guild; the Presbyterian Women's Club; the D. A. R.; and for many school functions; banquets, assemblies; and teas. The trio has also given an attractive group of selections on each of the many Glee Club concerts.

Men's Glee Club

EACH year since 1913, the Men's Glee Clubs of Western State Teachers College have been organized and developed by Prof. Harper C. Maybee. The men of the Club, in this Silver Anniversary Year, wish to express appreciation to Mr. Maybee for his constant effort in building its organization into one of national acquaintance recognized among the few highest ranking Glee Clubs in the United States.

Last year the second championship honor, in four years of competition, was brought to Western by the winning of the State Inter-Collegiate Championship in the contest held at Albion in which ten Michigan colleges participated.

The Men's Glee Club, under the efficient and enthusiastic direction of Mr. Maybee, is an organization interested in the development of a greater appreciation and a higher standard of music. The organization is composed of about forty-five active members from which a group of thirty men are selected to go on concert trips.

It has become the custom of the club to take at least two concert tours each year in addition to giving a home concert and many other programs before audiences in Kalamazoo and other cities. The itinerary this year has included Traverse City, Hesperia, Battle Creek, Paw Paw, Jackson, Albion, Union City, Richland, Royal Oak, Fordson, Detroit, Hamtramck, Portage, Dowagiac, Grand Rapids, Chicago and Milwaukee. The club also had the distinction of broadcasting over radio stations WWJ Detroit, WLS Chicago, and WTMJ Milwaukee.

On several trips, including those to Detroit and Milwaukee, the Men's Glee Club, together with the Women's Glee Club composed the Western State Teachers College Choir, Western's newest musical organization of seventy-five voices.

Band

THE Band of Western State Teachers College deserves much praise for its fine showing this Silver Anniversary year. In 1924 there were only twenty-four players. For the past four years, Prof. George E. Amos has done a very commendable piece of work in building up this organization into a fully uniformed musical group of over fifty pieces, and one of which Western State Teachers College is justly proud.

The Band has done much to add interest and enthusiasm to all the athletic contests. It has also given programs in assemblies: on Homecoming Day; and in parades, having the honor of being in the big "Blossom Time" parade at Benton Harbor. The Band accompanied our team on the Ypsilanti football Booster trip and was given an enthusiastic reception by the crowds. Much commendation was given for their letter formations.

Rehearsals are held twice a week through-out the year. The drum-major this year has been Jack Zarembo.

GEO. E. AMOS *Conductor*

OFFICERS

JAMES FRIELING *President*

CLARENCE ROTH *Vice-President*

WARD HYNES *Secretary*

PAUL NIELSEN *Business Manager*

Orchestra

WESTERN's orchestra has made marked improvements during this year's work, largely due to the interest, enthusiasm, encouragement and efforts of Mr. George E. Amos, the director. A good balance is maintained by nine first violins, fifteen second violins, two violas, three cellos, one bass viol, a bass horn, three clarinets, two flutes, an oboe, a bassoon, four trumpets, two trombones, four french horns, tympani, drums and piano. The quality of music produced is of a better standard than last year due to a more complete instrumentation.

Under the leadership of Mr. Amos the orchestra has had the opportunity to entertain at several functions, making its first appearance before the Teacher's Convention. It has appeared before the student body at assembly programs, and also played for the graduation exercises. Some of its appearances were: the Mid-winter Play, the opera "Faust," and the Children's May Festival. The orchestra closed the year's work by participating in the programs during the Anniversary Week. The orchestra's repertoire consists of standard classic overtures, selections, and eccentric novelties.

The Players

THE Silver Anniversary year of Western State Teachers College marked the fourteenth anniversary of the Players organization, which had an active membership of forty. This year was perhaps one of the most successful and enjoyable in the history of the organization.

Much enthusiasm and interest was aroused for the try-outs of the fall term. At this time members of the club presented a one-act play for those interested, which was typical of the kind used in upholding the purpose of the organization, which is primarily, the furthering of the drama.

Several persons, having passed the tests of their dramatic ability, became

Ridout
Smith

Noble
Russell
Snow

O'Brien
Sebald
Starring

initiates of the organization, and after a term of pledgeship were ascribed the title of "Players."

Under the kind guidance of Miss Laura Shaw, faculty advisor, and Dorothy Eccles, president, the entire club from the out-set worked for the good of the organization.

True to tradition, a social meeting was held at the Playhouse in event of Home-coming to welcome back the alumni.

Under the supervision of Alfred Beller, vice-president and program chairman, popular productions were staged at the bi-monthly meetings, the most note-worthy of which were "The China Pig," "Lima Beans," "Finders Keepers," and "The Stepmother." Through these one-act plays, many fields of work, such

Stearns	Stewart	Thomas	Thrapp	Tripp
Vandenbark	Waldo	Walker	Weaver	W. Weaver
Wepman	Williams	Wunderlich	Young	

as staging, costuming, and directing, were laid open to the Players and offered excellent opportunities to obtain skill along desirable lines.

The preliminary events and work of the fore-part of the year served to aid the members in developing a strong interest in, and an appreciation of the drama. The high-spot of the work was reached when the annual mid-winter play was given. James Barrie's "Mary Rose," so mysterious and delightful, was presented by a worthy cast before the public at Central High School on March 15. The play, so carefully directed by Miss Shaw, was complete and charming in every detail.

The Western State Players thoroughly enjoyed the work of the year as it gave them unlimited opportunities to develop an appreciation of dramatics.

Many more successful years for the club are being anticipated.

MARY ROSE ACT I—*Mr. Morland*: "Interesting, George—quite. But definitely not a gainsborough."

MARY ROSE ACT I—*Harry*: "I'm curious to see that room first."

Mrs. Otery: "You can't go in there."

MARY ROSE ACT I—*Mary Rose*: "Mummy, what shall we do?"

Mrs. Morland: "He's just a boy, Mary Rose—just a very nice boy."

MARY ROSE ACT II—*Cameron*: "Is it the wish of Mr. Blake that I should land?"

MARY ROSE ACT II—*Mary Rose*:
"Have I been a nice wife to you,
Simon?"

MARY ROSE ACT II—*Mrs. Morland*: "Let me down,
you great bear. You know how I hate to be rum-
pled."

Mr. Morland: "Not she, loves it. Always did."

MARY ROSE ACT III—*Mrs. Morland*: "It can't be so bad as that. We are all here Simon."

MARY ROSE ACT III—*Mr. Morland*:
"Get off your great coat, Simon.
Down with it anywhere."

MARY ROSE ACT III—*Simon*: "Dearest love since
I lost you, it was a long time ago—."

Mary Rose: "It wasn't—please, it wasn't."

Arts and Crafts Club

THE Arts and Crafts Club, formerly the Paint Splashers, has grown greatly this year. This organization has been opened for the first time to students of all classifications, upon the requirement that the student submit some piece of original work.

The club was divided into four groups for convenience in working, each group doing work in a different medium. The groups are clay modeling, sketching and etching, metal working, and oil and water coloring, under the instruction of Miss Sinaiko, Miss Siedschlag, Miss Anderson, and Miss Chambers, respectively.

This year for the first time also three cash prizes were given to the three best productions of the club members.

A plaque has been designed and executed in memory of Miss Agnes Broemel, formerly of the Art Department.

As usual the members of this organization have helped with posters, scenery, and decorations for the various school functions, culminating in the Women's League Breakfast.

Organizations

The Student Council

THE Student Council, which functions as the representative body of the Student Association, evolved from the Booster Committee formed in 1920. This consisted of representatives from all groups but had no legal status until Nov. 9, 1921, when a constitution providing for a Student Council was ratified by vote of the student body. This body was to consist of a president, vice-president, secretary, treasurer, and the president and three representatives from each class. Offices for the Debate Manager, editor of the *BROWN AND GOLD* and student editor of the *Herald* had their origin. The offices of Music Manager, school auditor, and Publicity Manager were created in '25, '26, and '27 respectively. The Student Council's aim is to achieve a systematic organization and effect a unification of the various activities of the school.

Each year new policies are inaugurated and new traditions established. The help the Student Council has rendered has been evidenced in regulation of elections, the Freshman handbook, the student directory, Home coming Day class games, the Booster Trip (this year being a football excursion to Ypsilanti), co-operation with the Assembly Program Committee, and supporting the glee clubs, orchestra, band, and the debate teams. The men's Glee Club tour culminating in Detroit and the Western and Eastern tours for men debaters have also been supported.

Many outstanding features have marked the accomplishments of this year's Council. It has taken an active part in the preparation for the Silver Anniversary Celebration. It has sponsored the College Choir, a new organization on the campus. It has inaugurated a systematic method of handling the budget. It has instigated the adoption of a Senior pin to serve as a standard for all future graduating classes. It has sponsored the Extemporaneous Speaking Contest. It has overseen the installation in the Library reading room of a beautiful, three-faced electric clock which was purchased by last year's Council.

The Student Council of Teachers College has contributed a great deal to student life on and off campus by its spirit of good-fellowship, whole-hearted friendliness and co-operation. It is a democratic body and reflects and guides the social pulse of the students of Western State Teachers College.

Brown and Gold Staff

TO PRODUCE the 1929 annual and to do justice to the Silver Anniversary of Teachers College has been no small task. It has taken weeks and weeks of persevering effort, tireless work into the late hours of many a night, and skillful planning and evaluation on the part of the entire staff to produce this publication.

It has been a pleasure for the staff of the 1929 BROWN AND GOLD to produce this annual. We hope that it will serve as a constant reminder of the happy days spent on the hilltop, of priceless friendships with comrades and instructors and of significant accomplishments of your Alma Mater. May this book prove the storehouse of your college memories and may it perpetuate that which has been vital and uppermost in our minds in this, our Silver Anniversary year at the Western State Teachers College.

This year of 1928-29 is one that will long be remembered by the friends of Teachers College. The BROWN AND GOLD Staff feels happy that it has the privilege of being the chronicler of the acts and deeds on our campus in this notable year of our institution. May it be as pleasant for you to read this book as it has been for us to produce it, and may it increase our mutual respect and reverence for our Alma Mater by working and reading together.

Herald

THE present year has been one of the most successful years that the Teachers College *Herald* has ever experienced. The editors of the paper have realized their ambition of enlarging the weekly publication from four to six pages. This has permitted a more detailed and interesting chronicle of student activities and events. The paper has been a useful and effective factor in creating and moulding school spirit here at the Teachers College and students and teachers alike have looked forward eagerly to its appearance on Thursday of each week.

"It Puts the Knot in the Tie That Binds" has been the motto of the *Herald* editorial staff. It has served this purpose well in acquainting the student body with happenings on and off the campus, in bringing clubs and organizations into closer inter-relationship with each other in the extra-curricular program of the college and by giving due consideration to meritorious deeds and acts of those connected with the Teachers College.

Miss Blanche Draper, assisted by Dorothy Eccles, student editor, gathered an editorial staff together at the beginning of the school year that has been responsible for each weekly issue. It is no mean task to produce the *Herald* each week but the editorial staff has given its best. The staff was composed of Dorothy Eccles, editor; Marian Russell and Clarence Young, literary editors; Metha Jackman, social reporter; Clara Rook, organization reporter; Walter Eriksen, feature writer; Paul Gerhardt and Harold Cass, sports reporters; Frank Householder and Sidney Brooks, columnists and Evelyn Burke, alumni editor.

Y. W. C. A.

THROUGH social events, discussions, speakers, and devotional meetings, the Y. W. C. A. has carried out its three-fold purpose of uniting in a desire to realize a full and creative life through a growing knowledge of God, to have a part in making this life possible for all people, and to seek to understand Jesus and follow Him.

Among those who helped the members carry out their programs on "Our Quest" and "Etiquette" are Mrs. C. H. Wright, Prof. Smith Burnham, Dr. Nancy Scott, Miss Elsie Heller, the regional secretary of the Y. W. C. A., Rev. Stanley Coors and Miss Rosella Allway.

By providing entertainment for children in an orphanage, the social service department has done a wealth of service throughout the year.

The Y. W. C. A. together with the Y. M. C. A. has sponsored two very successful mixers in the Fall and Winter terms, as well as the annual Joy Nite in the Spring.

At home coming the Y. W. entertained its alumni at a breakfast at the Burdick Hotel, and its members looked forward to the time when they would entertain their alumni as guests at an early morning devotional service during the celebration of Western's twenty-fifth anniversary.

Women's League Cabinet

COMMON interests of the women of the school are given consideration through the Women's League, an organization to which all women of Western belong. The Women's League Cabinet which is composed of one representative from every department on the campus devises, plans and carries out the women's program of activities throughout the year. Two faculty members and the Dean of Women act as counselors in these procedures.

The Cabinet has sponsored many social activities during the past school year. Its work has ministered to the welfare and happiness of all the women on Western's campus. A resumé of its activities will show how different its social functions have been from the usual social affairs on the campus of Teachers College.

A Who's Who Party early in the fall term opened the social calendar of the Women's League Cabinet. At this event all the women became acquainted through the medium of teacups and dancing. A masquerade soon followed which was an event long to be remembered. At this masquerade dance the spookiest things conceivable and the most fun imaginable were much in evidence. Some very unique and original costumes were present representing nearly every nationality and occupation of life.

Yuletide came and a Christmas chocolate was given. Christmas spirit was heartily exchanged while dancing around the monstrous Christmas tree and while sipping the cups of steaming chocolate. February came and a Patter of Hearts was given to celebrate the occasion. At this party the women entertained the men at a most beautiful and elaborate Valentine dance.

The Irish Shenanagan was next in order. St. Patrick and all his good proverbial old Irish nonsense sparkled about while the women danced and nibbled good things.

In the spring term the Mothers' Tea was held for all mothers of Western's co-eds who could come. Later in the term came the Silver Sail—the annual June Breakfast with its usual loveliness and charm. It was an anniversary breakfast—a silver breakfast which every Western co-ed who attended will remember as one of the most beautiful memories of her college days.

There were numerous other things which the Women's League Cabinet did this year such as procuring new curtains for the club room, giving a luncheon for the Ypsi debaters at the Happy Huntsman, and sending flowers to the sick. The Cabinet has been a growing organization and has given impetus to some original ideas which have made it a worthwhile year.

Forum

THIS year is Western's twenty-fifth anniversary and the Forum's twelfth anniversary. The Forum is Western's oldest forensic society and in the years that have passed the organization has established an enviable reputation in forensic and campus activity. Last fall the membership suffered from spring graduations, but during the course of the year new members, who have competently displayed the true Forum spirit, have been taken in to fill our quota of thirty-five.

The Forum has participated in debating, intra-mural athletics, and in various campus social and forensic activities.

This year has been important in more ways than one. A dream at last has been realized. The Forum House has been in existence for a year, and it is our endeavor to make it the permanent "first house" on the campus.

Last year the Tribunal donated the Scholarship Cup for competition among men societies, and the Forum was the first to hold it. We have made a very strong bid to keep the cup for next year and the years to come.

The Intra-mural debate between the Forum and the Tribunal ended in a victory for the latter.

At Homecoming the Forum House was open to all alumni and that evening we sponsored a successful and well attended banquet at the Columbia hotel. This was followed by a mid-winter banquet held in the training school cafeteria on February 18th. During the early part of June we again met fraternally at our spring banquet, during which officers were elected for the first half of the next year.

The Forum forensic party held on May 4th in the women's gym proved true to tradition as the most looked forward to forensic social affair.

This year of activities came to a fitting close at Gull Lake where our annual house party was held, marking the climax of a year of forensic endeavors and close fraternal spirit.

The following are the officers of the second half of the year:

KENNETH BROWN	<i>President</i>
ALLAN PITKANEN	<i>Vice-President</i>
OLIVER WOOD	<i>Secretary</i>
GRANT BEILFUS	<i>Treasurer</i>
MURDO FERGUSON	<i>Historian</i>

Senate

THE Senate, the first woman's forensic society on Western's campus, was organized in the fall of 1916. Its aims were the promotion of forensic activities and the development of leadership, and each year Senate has worked to bring these aims up to a higher standard. Requirements for membership are high scholarship, an interest in forensics, and a spirit of friendship, loyalty, and enthusiasm, and it is necessary to maintain these throughout the entire period of membership.

Senate has been unusually prominent this year in international, inter-collegiate, and intra-mural debating. Clara Rook and Sarajane Lininger did some very creditable work in the debate with the women from England. The following five Senators held positions on the Women's Varsity Debate Squad: Rhea Tiffany, Viola Ribe, Josephine Schmidt, and Sarajane Lininger. A debate of unusual interest to the four forensic societies was the intra-mural debate. The three Senators who once more regained the lawyer's cup for us were Rhea Tiffany, Louise Feeney, and Maxine Noecker.

The programs this year have consisted of music, talks, debates, and round-table discussions on current topics. Each term an initiation banquet is held at which the new initiates furnish the program. In order to keep alumnae as well as students in touch with Senate activities, all meetings and social events are recorded in the "Senate Diary" in the *Herald*.

Social affairs of the year have been exceptionally interesting and enjoyable. Many alumnae were entertained on Homecoming Day at the Happy Huntsmen Club. During the winter term Senate gave a St. Patrick's Day party in the Women's Gym open to all the members of the forensic societies and their guests. As usual, the house party in May and the banquet in June were delightful, but two other events took place in the Spring Term which had never been done before, but which proved so successful that they will undoubtedly be repeated. They were the Opera and the Senate Dinner-Dance at the Columbia Hotel.

Senate feels that this was a year full of useful activities, and hopes that next year will be as successful, if not more so.

Tribunal

THE Tribunal—where men are brought together under the common bond of college loyalty and brotherhood. This year more than ever before the spirit of fraternal fellowship has held sway in the fireglow of the council ring. With the coming of the next school year there will be a Tribunal House to further this feeling. From a vague shadow it has become a reality and soon the birth of it will lapse into the yesterdays as a cherished memory, as the true spirit of the Tribemen is embedded in it.

In every phase of college activity, men of the Tribe were among the foremost. A Tribunal man for the sixth time out of eight elections was elected to the highest office with which a student can be honored—the office of the president of the Student Council. The annual intra-mural debate of the Forum and the Tribunal was captured by the Tribemen. Formidable basketball and baseball teams represented the organization in the Intra-mural league.

Western State is being glorified by its Twenty-fifth Anniversary and the Tribunal takes great pleasure in being able to assist in this grand celebration. The hours of our day are dedicated to the hours of a greater Western.

Tribunal means Fellowship, Brotherhood, and Development in all branches of college student life. Besides the contacts of the regular programs, there are certain traditional events that tend to promote this feeling. Each year the organization gives the first intra-mural party, and participates in the debate series. At least twice each year banquets are given in honor of the alumni. In the spring a house party is given at some lake. Banquets, parties, debates, get-togethers, and all sorts of activities are constantly being planned to develop and foster the Spirit of the Tribemen.

The Academy

THE Academy, which is the youngest of the forensic societies of Western, has become one of the most active of the organizations on the campus. The society was organized in 1920. Although it lost many competent leaders this year, the Academites feel sure that they have gained equally competent members who will take their places, and fulfil the standards of leadership, scholarship and forensic interests.

The most important forensic activity of the year was the international debate with the English team. The Academy feels very proud of its president, Marion Lamphere, who participated in this debate, and also of its advisor, Miss Lindblom, who coached the debate. The Academy was well represented in both intra-mural and intercollegiate debating; in intra-mural debating by Norma Bliss, Dorothy Eccles, and Ethel Ridout, and in intercollegiate debating by Margaret Clark, Idah White, Ethel Ridout, and Doris Boone.

The programs throughout the year were very informational and interesting. Especially enjoyable was the picture tour which the Academites took through the Western Library. They were given an insight into art. The social events of the year were all lovely affairs. The Christmas Tea was a great success and the Academites met many new girls interested in debating and in the society.

The four forensic parties were all enjoyable occasions. The Spring party which the Academy gave and which was a little different from the general run of the parties was carefully planned and well carried out. One of the most pleasant events of the year was the house party at Gull Lake. All of the members joined in the fun as they had in their forensic work. The annual Academy luncheon at the close of the year served to bring old and new Academy members together, and to knit more strongly the ties which bind the society together.

Square and Compass Club

THE Square and Compass Club at Western State Teachers College is composed of both faculty and students who belong to some order of Free Masonry—DeMolays, Shriners or Masons. It was organized as a social unit for its constituency. In that many of Western's students from various towns and states are in some way affiliated with the Masonic lodge, the club is exercising a felt need in bringing these students together. Common fellowship and fraternal brotherhood have their place on a college campus as well as in business or everyday life. Close contact between individuals of kindred interests is a desirable situation. The Square and Compass Club has served this purpose for its members.

The club has a three-fold purpose or aim which it is carrying out: social, fraternal, and philanthropic. Its social aim is fulfilled in its program to promote and preserve good fellowship through social gatherings, banquets and outings. The fraternal aim of the club is evidenced in carrying out the ideals exemplified by Free Masonry into the everyday life of Western's students. In a philanthropic sense the Square and Compass helps its members who are in need of financial aid in college by means of its loan fund. This fund is increased each year through the accumulation of entrance fees of new members.

The Square and Compass Club took an active part in the Intra-mural Athletic program of the Teachers College. Its basketball team finished in fourth place and the baseball team made a good showing in the Organization League.

The outstanding social event of the year was the annual "get-together" party at White's Lake. This was held in the Fall term in the middle of October. Members had an opportunity to meet the new comers in the club at that time. The year was brought to a close with a delightful spring party.

Eastern Star Club

THE Western State Teachers College Eastern Star Club was organized in the Fall term of 1923. As its name implies, the Club is open to members of the Order of the Eastern Star who are students at the Teachers College. The aim of the Club is to inculcate the material, the spiritual ideals, and the lessons taught by the Chapter into everyday life of the student and show that there are greater things to be achieved.

In order to affiliate with the group and participate in the club activities, the student appears before the examining committee, consisting of the advisor and three members, and is duly received as a member.

The club has a loan fund which was founded during the Spring term of 1928. This has been substantially increased through the hearty cooperation of the members, alumni and Corinthian Chapter. This fund may be used by any Eastern Star girl on the campus who, upon investigation, is considered deserving of assistance.

It has been the custom of the Club to have a degree team represent the five points of the Star. This year a part of the address work of the Worthy Matron and Worthy Patron was exemplified. The work was put on at Corinthian Chapter, March the 21st. The team was invited to White Pigeon to exemplify the regular initiatory Chapter ceremony.

Several forms of interesting entertainment have been worked out carefully by the vice-president, Thelma Hull. The club was honored by a visit from the Worthy Patron, Mr. Martinson, of Corinthian Chapter. Two dinners were also enjoyed in the faculty dining room at the W. S. T. C. Cafeteria.

An outstanding feature of the year's social program was a house party in June. Another fine event was the breakfast held in May in which the officers of the Corinthian Chapter and many alumni were present.

Kappa Delta Pi

"KNOWLEDGE, DUTY, POWER"

KAPPA Delta Pi, an international honor society in education, is one of the newest to be represented on Western's campus. The Beta Iota chapter of this organization was installed at Western on February 2, 1929, by Dr. T. C. McCracken, the president of Kappa Delta Pi. This is the second chapter to be installed in the state of Michigan, the first, the Pi chapter, having been installed at Ypsilanti in June, 1922. It is also interesting to know that Ypsilanti's organization was the sixteenth; ours, the fifty-seventh.

Western was assisted in the installation and initiation by members from Alpha, Kappa, Theta, and Pi chapters. Dr. T. S. Henry of the Alpha chapter gave a short address and Dr. McCracken spoke informally of the aims and the work of Kappa Delta Pi. After the installation and initiation, a banquet was held at the Park-American Hotel.

Western has ten Kappa Delta Pi members on her faculty. Dr. T. S. Henry represents the Alpha chapter; Miss Laverne Argabright, Miss Louise Steinway, Miss Verle Coppens, Miss Roxana Steele, Dr. John P. Everett, Dr. Belmont Farley, Dr. William M. Robinson, Mr. Frank E. Ellsworth, and Mr. William C. Cain represent the Kappa chapter. The members initiated in the Beta Iota chapter are President Dwight B. Waldo, Helen Bates, Lois F. Bennett, Golda L. Crisman, Alice F. Dines, Walter P. Ewalt, Ruth E. Hamilton, Jerald H. Hill, Beatrice J. Hutchins, Lucille Lindsley, Edith S. Linsley, Leslie B. Merritt, Hugh Myers, Grace Renwick, Viola Sebald, H. Arlene Spencer, Helen Elaine Stenson, Mary Elizabeth Waldo, Evelyn M. Wise, E. Muriel Wolkins.

Dr. William McKinley Robinson has been appointed by the national headquarters as our counsellor, and Miss Verle Coppens has been selected by the chapter to serve on the membership committee. The officers elected are Helen Bates, president; Elizabeth Waldo, vice-president; Viola Sebald, secretary-treasurer; Muriel Wolkins, historian-reporter.

This organization is open only to Juniors and Seniors of high scholastic standing, and is devoted to cultural and professional phases of education. Its purpose is "to encourage in its members a higher degree of consecration to social service. To this end it shall maintain the highest educational ideals and shall foster fellowship, scholarship, and achievement in educational work."

Kappa Rho Sigma

KAPPA Rho Sigma is one of the oldest honorary societies on Western's campus. It was organized in 1921 by the Faculty Science Club as a means of giving recognition to those students who were doing excellent work in the departments of Science and Mathematics. Membership is now limited to juniors and seniors who are majoring in either Science or Mathematics and who possess a high scholastic average in their work. Election to the society is by vote of the faculties of Science and Mathematics.

The initiation banquet is held every spring in the city Y. W. C. A. building just preceding the annual Science and Mathematics meeting in order that as many as possible of the alumni may be able to return.

Since the installation of the society there have been ninety-four students elected to membership.

Student Science Club

THE Student Science Club was organized in the fall of 1920 and this year culminates the ninth successful year of the organization. The club aims to instill a spirit of scientific research in its members, to awaken and stimulate a love for science and its ever-changing developments and to develop a scientific attitude of mind in its members.

The club holds its regular meeting bi-monthly. On the first Wednesday of the month a lecture or informal talk is given by some member of the Teachers College faculty or some scientist in the actual field of industry. The second meeting of the month, which is always held on the third Wednesday, is devoted to student discussions in the various groups of some subject of interest to science. The student discussions have taken up the History of Mathematics, Medicine and its

relation to Chemistry, explosives, and kindred subjects. Of special interest to the club was an illustrated talk given by a representative of the Bell Telephone Company. Later a tour through the Bell telephone plant was conducted for those interested.

In addition to the regular business meetings the club sponsored several social events and banquets throughout the year. The annual spring term picnic for all science students was a pleasant affair. It was held the last week in May. A theater party in the middle of the spring term was a genuine social event and was greatly enjoyed.

For the first time, the Student Science Club has used a formal initiation in accepting new members into its ranks. The first initiation took place the last of the fall term when twenty candidates were accepted. The second initiation was given April 12 at the time of the Southwestern Michigan Science and Mathe-

matics Convention which was held at Western. Many alumni and former members of the club were in attendance. A banquet was held before the initiation and all pledges were required to be present. A great deal of entertainment was created at the expense of the pledges.

This year the club has adopted a new pin which carries out the ideas embodied in the creed of the society.

Annually, the Science Club sponsors a lecture for the benefit of Western's student body and faculty. Last year Dr. Crane of Kalamazoo gave an illustrated lecture on X-Ray. Due to the fact that so much time was taken up in the development of the new initiation ritual this custom was not carried out this year. However, it is the intention of the Club to continue these lectures next year in order that the Harvey Scholarship fund which is maintained from the proceeds may be increased.

The past year has been an unusually profitable and pleasant one for the club.

Social Science Club

THE Social Science Club was organized in 1923 for the purpose of bringing together and promoting fellowship among students especially interested in the application of the social sciences to practical problems. High scholarship, faculty recommendation, and good character are requisites for membership.

An open meeting was held at the beginning of the year for all students who were interested. Fascinating and instructive talks were presented by Mr. Smith Burnham, Mr. Leonard Kercher, Mr. D. C. Shilling, and Mr. Floyd Moore. Outstanding among other capable speakers who appeared before the club during the year were Mr. E. M. Barnes, Secretary of the Douglas Community House; Mr. Stanley Morris, a member of the Douglas Community House Directory Board; Dr. C. E. Boys; and the Reverend G. W. Plews. Special study was made of social and economic conditions in Russia and of the negro problem in the United States. During the spring term social conditions of Kalamazoo were studied by personal surveys in different sections of the city.

Several parties and recreational programs were enjoyed by the club, the social schedule reaching its climax in the spring term, when a banquet and theater party was given for the members and their guests.

“W” Club

THE “W” Club is an organization on Western’s campus that is composed of letter winners in the major sports. It was organized to create a greater feeling of comradeship among the letter winners, to strengthen and promote school spirit on Western’s campus and to foster and promulgate interest in Teachers College athletics. Judging by the large number of alumni of the “W” Club who return each year on Homecoming Day one can readily see that the Club well lives up to its purpose.

The Club is very active in campus life and takes part in many campus movements. This year the most memorable event was the dinner-dance held at the Columbia Hotel in June. This was one of the most elaborate of Western’s social events of the year. The balance in the treasury of the club is always used in this annual event and nothing is spared in getting unique decorations, favors and music. The patrons and patronesses for this event included President and Mrs. Waldo, Registrar and Mrs. Hockje, Mr. and Mrs. Pellett, Mr. and Mrs. Read, Mr. and Mrs. Hyames, Mr. and Mrs. Martineau, and Mr. and Mrs. Gary.

The tri-annual initiations attract much attention on the campus because of the ludicrous yet severe tasks assigned prospective members. Candidates for membership were compelled to perform such feats as walking up the steps backward, putting on amateur vaudeville acts at downtown theaters, carrying umbrellas, bricks, lanterns, signs, pails and all manner of trivial things, wherever they went. The initiation serves its purpose of remembering club ties and regard for its work.

Twenty-two letter winners were taken into the Club this year. They included Barnhill, Cornell, Dutt, Frendt, Johnson, Miller, Murphy, Reynolds, Swafford, Waters, Weybright, Malone, Morningstar, Nickel, Pembroke, Conley, Evans, Hagadone, Williams, Harrsen, Smith, Guenther.

Sigma Theta Gamma

SIGMA THETA GAMMA is a fraternity organized with the intention of creating within the field of Physical Education a stronger feeling of fellowship and unity. The organization was originated on our campus by Professor Lloyd Jones who felt the need of promoting a closer bond of fellowship in the Physical Education Department, and of developing a more professional attitude toward our line of endeavor. It is therefore a principle of the organization to accept into membership only those in the field who have the ability and the desire to live up to the laws and regulations of it.

Sigma Theta Gamma means Service, Health, and Character. Membership in it is confined to the Junior and Senior classes and is based upon scholarship and character. The Physical Education faculty are Advisory members of the fraternity. Sigma Theta Gamma is not a secret society and the principles and ideals upon which it is based are at all times open to the curious eyes of all who desire information concerning them.

Due to the absence of Professor Jones this year, the organization was late in getting started and it was not until the Winter term was far advanced that our first successful meeting was held. At this time nearly all of the members were present at a dinner given in the school cafeteria and with Professor Reed as the principal speaker the interest was very much aroused.

At the largest meeting of the year which will be held in the Spring term, the pledges who have satisfactorily complied with all their requirements, will be admitted to membership. It is the plan at present to hold this meeting in the form of a banquet at one of the best hotels and have one of the biggest men in the field as principal speaker. Last year Professor Williams of Columbia University was the guest. This year in all probability the principal speaker will be Vaught Blanchard, Supervisor of Health Education at Detroit, Michigan, who is a very energetic and reliable figure in our profession.

There is at the present time only one professional Physical Education Fraternity which is known as Phi Epsilon Kappa having twelve chapters most of which are at State Universities in the middle west.

As is true with all professional groups in the many fields, the national organization will, we believe, have the same significance to Physical Education as Kappa Delta Pi does to Education and Tau Beta Pi does to Engineering. It is the ambition of our Fraternity to soon become affiliated with Phi Epsilon Kappa and with this goal in sight we cannot possibly fail.

The Classical Club

THE Classical Club is one of the oldest of the literary organizations upon the campus. Its membership is composed of students who have had more than two years of Latin, and of those taking Roman history and mythology. The Club was organized for the purpose of studying Latin literature and of learning about the social and political life of the Romans. It aims to vivify Roman life to promote the interest of the language students in the classics, to help its members attain a broader culture, to aid in the preparation of better language teachers, and to help those teachers who are already in the field. Its popularity is shown by the steadily increasing membership and the growing interest in its activities.

Many interesting programs have been enjoyed during the past year. These have included "Roman Childhood," "The Saturnalia," "Intimate Views of Cicero's Life," "Famous Roman Love Stories," "Preparations for the Bimillennium Vergilianum," and "Readings of Scenes from Euripides 'Iphigenia in Tauris.'" The rest of the meetings have been social evenings at which entertainment has been afforded by Roman games and songs.

The annual Roman banquet was a delightful affair. This unique event was an enjoyable climax for the club year. During the evening, the atmosphere of the old Roman Empire was brought into our modern civilization by the wearing of draped togas, by the use of flower-strewn tables, burning incense, and the couches upon which the guests reclined in true Roman fashion, and the strange food of which they partook.

The work of the club has done much to strengthen interest in the classics. Club activities have offered much that can make the study of the classic in the high schools a real and fascinating study. Following is the student club song:

Alma mater floreat,
Quae nos educavit,
Caros et commilitones,
Dissitas et regiones
Sparsos, congregavit.

Eldorado Club

THE Eldorado Club, organized during the winter of 1926 by a small group of college women interested in writing, recognized the need for a literary society in this school. This organization enjoys the distinction of being one of the youngest clubs at Western as well as one of the only two literary clubs on the campus.

The club was created and designed as a common fellowship for student writers. The aim of the writers is not a remote and impossible perfection. By adopting the name "Eldorado," we have meant to signify that throughout our merely tentative endeavors to write we hold constantly in mind that we are an organization united in the *search for perfection*. We are a striving organization feeling our way, through the practice of varied forms of writing, to a finer expression, a higher achievement and a worthwhile experience in the field of literary endeavor.

Since the time of the earliest meetings a mutual interest has been stimulated by the reading and criticism of the various contributions submitted, and a warm and increasing interest on the part of the contributors has been consistently manifested. Membership is restricted to twenty-five in order to do justice to individual work. New members are admitted only on faculty recommendation. The meetings, which are held twice a month, are conducted informally. Contributions are not limited to one type. Many varieties of writing—short stories, plays, essays, sketches, and poems—are finding expression and represent the effort of the group to attain a higher standard of perfection in literary expression.

Since the Eldorado Club has been established on the campus it has upheld its standard of workmanship through the splendid support of the faculty advisors, Miss Swain, Miss Nobbs, and Miss Masters, whose active and sympathetic criticism has to a large extent made possible the prevailing spirit of mutual suggestion and criticism—the helpful atmosphere of "give-and-take" so essential to a club of this character. Such an organization as the Eldorado Club accomplishing such worthwhile achievements and aims is bound to perpetuate itself as one of Western's worthy contributions to the social life of the college.

The Oteyokwa Club

OTEYOKWA is an Indian name which means, "the gathering of friends in a strange land."

The Oteyokwa Club which was organized in November of 1920 is composed of students who came to Western from the Upper Peninsula. This club has been organized with a two-fold aim,—to serve as a means by which Upper Peninsula students may become better acquainted with one another, thereby making the Upper Peninsula better known at Western and Western better known in the Upper Peninsula.

One of the outstanding social events of the year was the party given in the Little Gym, February 27, in honor of the Northern State Teachers College basketball team.

This year the Oteyokwa Club has proven especially successful in athletics. The club led all organizations of Western in the basketball league and carried off the championship honors in the form of a beautiful silver loving cup.

With the increase of its membership to sixty, the club shows every promise of maintaining itself permanently on Western's campus.

Le Cercle Francais

HAVING for its purpose the furthering of interest in French customs, literature, and language, Le Cercle Francais was organized several years ago by a group of teachers and students who desired to increase the understanding and significance of French ideas and mannerisms. Members of this organization include those students who have had more than one year of French and desire to learn more concerning France than can be gotten in the classroom. Meetings are held the third Tuesday of each month.

The first meeting of the year was held at the home of Miss Frieda Opt' Holt, president of the club. Plans for the year were discussed. This was followed by an interesting program consisting of games and music. A fine talk by Miss Windsor, one of the sponsors of the club, was enjoyed by everyone present.

Various novel programs have been given during the year. The Christmas meeting which was given in conjunction with the German Club was especially interesting and worthwhile. A French story was read by Ruth Lossing and a tableau of the birth of the Holy Child was presented. The Women's Club Room was beautifully decorated by members of the two clubs in Christmas colors. Christmas trees and candles gave a Yule-tide atmosphere to the whole room. Miss Zimmerman of the German Club portrayed and described Christmas customs in Germany and June Miljevitch gave a vivid account of how the holiday season is celebrated in Serbia. Refreshments characteristic of France and Germany, were served and Christmas songs were sung during the evening.

In February, a program of Nineteenth Century literature was presented. Scenes from "Hernani" by Victor Hugo and "The Three Musketeers" by Alexander Dumas were given by members of the club as well as surveys of various literary productions in the century. Later in the year, a short French Play, games and the study of the French costumes occupied the attention of the club.

The activities of the year culminated in a banquet which was given at the close of the Spring term. This was carried out in an unusually clever way by presenting customs and ideas which were significant in French life.

Der Deutsche Verein

LAST fall a group of students decided to form a club for the purpose of stimulating interest in German customs and acquiring greater competency in conversational German. "Der Deutsche Verein" was chosen for a name and membership was opened to any student taking German.

At an early fall meeting Victor Reisig was elected president; Wendell Walker, vice-president; Frederick Rogers, Secretary; and Lloyd Phillips, treasurer. Four committees—social, dramatic, literary, and musical—provided programs for the social meetings of the club which occur once a month.

The first big party of the year was the joint party held with the French Club at Christmas. After several Christmas carols were sung by the Men's quartette and reports on the customs of observing Christmas in foreign countries were given, queer little German Christmas cookies and punch were served the fifty people present.

At the February meeting the little playlet "Rumpelstuhltzchen" was charmingly produced in German by Adelaide Tetzlaff as "Rumpelstuhltzchen," Sumner Ashton as the servant, Lloyd Phillips, the king, and Viola Sebald, the princess.

A dinner party at which Miss Zimmerman and Miss Steckleberg, the club advisors, were guests, and a picnic were two of the spring activities of the club.

At all meetings of the club conversation is carried on entirely in German and much benefit as well as pleasure is derived by the members through the practice. The past year has been a very satisfactory one for the club and the twenty-five members hope to continue next year and are planning to make it even better than this, the first year of its existence.

Home Economics Club

THE Home Economics Club was organized for the purpose of promoting friendship and social contact, to further the interests of Home Economics students and to foster good fellowship among them. The membership is open to all interested, the only requisite being the payment of dues.

In 1925 the Club became affiliated with the National Home Economics Association.

Meetings are held every two weeks throughout the year at which times addresses are sometimes given. Often a social hour follows the meeting.

The first meeting of this year was a banquet in the form of a Halloween Party, held in the little gymnasium. Its main purpose was that of acquainting and interesting Freshmen in Home Economics work. It was a success in every way, about sixty being present.

Early in the fall twenty-two freshmen were initiated into the Club. To become a member each girl was required to secure the autographs of fifteen upper classmen in the club on a felt hat which they wore for a week.

At Thanksgiving time the Club arranged for a basket of food sent to a needy family in the city.

A Christmas party was given at the end of the fall term, and each member contributed a small amount with which to buy a few gifts for the same family to which the Thanksgiving basket had been sent.

In the winter a St. Patrick's Party was given in place of one of the usual meetings.

During the year the club sponsored various food sales oftentimes preparing the food themselves.

The Home Economics club took an active part in the Silver Anniversary festivities in June. A breakfast was given for the Home Economics alumni who had returned for the occasion. Money for the event was raised by the club.

The Home Economics Department is largely responsible for the serving of the Men's Banquet, the Rural Progress Day luncheons, and various smaller, similar affairs of the year. These activities demand careful co-operation on the part of the members of the club and the rest of the department. The club has great utilitarian value.

Women's League Council

SINCE the adoption of the new constitution a year ago, the council has existed as a body separate from the cabinet. This step was taken in order that the work of the former might supplement that of the cabinet, and also in order to create a body consisting solely of the house presidents, now numbering about two hundred. It was felt that in this way all women of the school might find themselves in closer touch with the actual working of the League. This system has been successfully worked out elsewhere and promises to be very successful here.

Meetings are held monthly for the purpose of discussing various enterprises that may have originated within either the cabinet or the council. The house presidents then report to the house groups as to progress being made within the

Trowbridge, Magher, Hodges, Cleveland, Thomas, Eckert, Hackenburg, McClary, MacNaughton
Kellogg, Funk, Bixby, Kline, Kresen, Nelson, Graves, Berger

council. Occasionally, too, meetings are planned as purely social functions, taking the form of banquets or parties.

The council boasts many accomplishments for the year other than encouraging a co-operative feeling among the women. School spirit has been fostered by organized yelling at the football and basketball games, at the latter of which bleachers were reserved for the women with one of their number elected as yell leader. New yells and songs have been initiated partially as a result of the contest sponsored by the League as a whole. In addition the council issued a handbook at the beginning of the year containing a detailed account of the League functions and also contributed a curtain for use on the stage of the Women's Gymnasium.

Taken as a whole the two organizations together have made congratulatory efforts toward establishing a feeling of unity and co-operation among the women of the school with promise of even greater success in the future.

Commerce Club

THE Commerce club is composed of students who are specializing in Commerce work. This year the number of people in the club was increased to fifty and because of the success of the year's program a still greater growth is expected next year.

The purpose of the club is to promote a social and coöperative spirit among its members. It also has an instructive value, that of keeping its members in touch with all the latest improvements and advances in the field of Commerce.

The meetings are held once a month. This year they were planned at the beginning of the fall term with the aim of having each meeting different from the others. The annual "weenie roast" on the Indian Trail started the program. Following this was a trip to the Telephone company, a dinner meeting, a Christmas party, an Ediphone demonstration, and several business meetings.

The State Shorthand and Typewriting contest was the main feature of the activities of the Spring term. All members helped to make the contest a success.

Junior High Club

THE Junior High Club of Western State Teachers College was organized for everyone in the Junior High Department and any one else interested in Junior High School Education.

This year the Club has been earning money to add to its scholarship fund by the selling of candy, sandwiches, and old papers. This fund was created last year and is to be loaned to needy students in the Junior High Department.

Several instructive and interesting programs have been given this year centered around the principle of individual differences. Mr. McDaniel of Paw Paw explained "Morrison's Ideas as Applied to the Teaching of Science in the Junior High School." A very good discussion was led by Mr. Carter when "The Uses of Tests and Measurements in Meeting Individual Differences" was discussed. At another meeting Miss Mason gave us many suggestions on "Home-Room Management." This series of programs was completed by Dr. Ellis' talk on "Adolescence."

The Club has also enjoyed several social meetings this year. In the fall term there was a hike to Hiker's lodge at White's Lake where some of the new members were initiated. At Christmas time there was a delightful party. The Valentine party given in the winter was another very enjoyable event. The largest social event of the year was the banquet given in the spring term which concluded the year's activities.

The Collegiate Country Life Club

THE Rural Department of Western State Teachers College has a valuable assistant in the Collegiate Country Life Club, which is the senior member of campus organizations and is composed of students interested in rural life and its progress. Its purpose is to promote a clearer understanding of present rural conditions and problems to be contended with in actual experience.

During the past year the Club sent Forest Roe, Carl Blose, Richard Wheeler, Mary Teusink, and Nellie Kaufman as delegates to the conference of the National Collegiate Country Life Club and the American Country Life Association held at Urbana, Illinois. At this meeting the out-going president, Forest Roe, gave a report of the year's study concerning country life made by our local organization.

In intra-organization athletics the club stands high. The girls won the championship of the girls' basketball league in the winter of 1927-28 and in 1928-29. The boys won the championship of the baseball league in the spring of 1927-28.

Partridge, Hoffmeyer, Cagney, Meiers, Engle, Davey, Anstey, Witri, Herman
McCoy, Robb, Hoffman, Newcomb, Breeden, Buehler, LaNoue

Last fall term fifty-two members, with the advisors, Miss Evans and Dr. Robinson, were the guests of the Detroit Teachers College Club at the joint meeting of the four Country Life Clubs in Michigan.

The cooperation of the club members and of the Music, Home Economics, and other departments of the school contributed to making the twenty-third Rural Progress Day a successful event. This day's purpose is to promote an understanding between the country people and the representatives of the newer phases and institutions in rural education. Dean Albert R. Mann of the College of Agriculture of Cornell University gave the annual Rural Progress Lecture. In the evening 165 attended the annual Country Life Club banquet.

This organization has both social and business meetings. At the latter the business of the Club is transacted. The social meetings bring about closer associations and better understanding between students and faculty. With continued cooperation and good leadership, it is hoped that the club will make even greater progress during the coming year.

Taylor, Lindroos, Brink, Holt, Coldren, Stutzman, Pohl, Campbell

mentary grades and have affiliated themselves with the organization. The membership has shown a substantial increase as a result. Students interested in this field have found many practicable and helpful suggestions in club meetings to take with them out in the teaching field.

The first meeting of the organization was held in October. This meeting had for its purpose the "get acquainted" spirit and it was highly successful. This event was a fine start in the club year. In November Miss Barton gave a vivid account of her Western trip last summer. She illustrated events and places of interest by slides.

The December meeting was a delightful Christmas affair. Besides enjoying a Christmas program and the tree, a real honest-to-goodness Santa Claus distributed gifts to all present. Everyone demonstrated his toy—ran races with tiny cars, played close harmony on unusual instruments or was thrilled by the time-honored story of The Three Bears. The advisors staged a golf tournament but the "birdies" were frightened away by a pop gun.

To spread the spirit of Christmas a box of toys and clothing was arranged for a needy family. The money for this cause was raised by the proceeds from a sandwich sale which was attended to by a committee with Mildred Mainone as chairman.

In January, an informal social hour was held with games and charades as the attraction of the evening. Miss Louise Singley of the Kalamazoo Public Library staff spoke on "Children's Books" at the February meeting. She exhib-

Church, Mavety, Batitis, Young, Minar, Putnam, Witham, Van Sickler, Turner

ited some very lovely books which are popular and worthwhile with children of the elementary grades.

A St. Patrick's Bridge party was held in March. This event differed from the usual bridge parties in that beginners were given valuable help by the more experienced players of American Society's most popular diversion.

The April party was an informal meeting with a local talent program. An educational speaker was obtained for the May meeting. This latter meeting was held in conjunction with the Early Elementary club and the Junior High Club in a joint meeting. This proved to be one of the fine events of the club year. The annual banquet in June was a fitting close to the year's work. It was the last meeting of many of this year's graduates as members of the Later Elementary Club.

Much credit for the success of the club is due to the encouragement and assistance given by the faculty advisors, the Misses Helen Campbell, Elizabeth McQuigg, Florence McLouth and Elsie Mabree. The club was also fortunate in having very splendid and active officers.

The Early Elementary Club

THE Early Elementary Club has been the largest organization on the campus for many years. The year 1928-29 has evidenced the steady progress which the club is making, both socially and educationally. A very successful method of organization was introduced. This divided the club into six groups under the direction of a leader. Each group in turn had charge of a meeting. Many very delightful programs were given.

The extent of the educational activities of the club has been wide and varied. Miss Singley, head of the children's public library, spoke to the club during Book Week. She introduced to us many of the newer works in the child's field of literature. Miss Eleanor Troxell, Early Elementary supervisor in the Kalamazoo public schools, spoke of her teaching experience which was of great interest to

 Pelletier, Kreager, Case, Shepard, Alleger, Juckett, Taylor

the members of the club. Members of the early elementary faculty have also contributed to programs.

The interest taken in the welfare of children was shown by the presentation of twenty cots to the Richland kindergarten. The club has also donated book covers to the Women's League room.

The spring term included many of the club's important events. The Hard Times Party; the Mother's Day Flower Sale, the proceeds of which went to the Fannie Ballou memorial fund; the annual picnic; and the Silver Anniversary Tea completed the year's schedule.

Manual Arts Union

THE Manual Arts Union had its origin on Western's campus this year. It is an outgrowth of the old Manual Arts Club but it was formed to include more students interested in Manual Arts work than the preceding organization

Williams, Reynolds, Grein, Van Single, Weinberg, F. Pintal, Howe, Ghainer, Hannan, Sapala
Rowley, Jacobson, Dingler, Olin, McWethy, Leach, Thomas, Wersen, Doney
Sherwood, Ewing, Dunlop, Flower, Mumby, Coleman, Egelton, Woods

Brown, Dooley, Morrison, Rench, Drodt, Lattimer, Sumerix, Lewis, Doll, Suchovsky
Sheline, Couke, Lamoreaux, Sharp, Berg, Davis, Husselman, Van Wezel, Klaiiss, Donley
Bartels, Clark, Borgerding, Nichols, Dixon, Moore, Holtforth, Marks, Sobleskey

did. Its aims are largely the same as those of the Manual Arts Club but it is designed to serve all students in the department.

Although membership is no longer based on a high scholastic rating, yet good scholarship is encouraged. At the end of each school year prizes of substantial nature are awarded the three students earning the greatest number of honor points in the department. This scholarship rating is a fine feature of the Union.

During the past year the Union has been one of the most active organizations on the campus. Several banquets for the members have been given throughout the year. Some leader in Manual Arts work, either in actual shop work or in the teaching profession, has been engaged to speak at each such function. Many practical slants on Manual Arts work have been gotten.

The annual "Open House," held the latter part of the Spring term, was a unique event. At this time the public was invited to observe the students at work. At every machine and every bench a student was stationed who gladly answered questions relative to his particular assignment.

The last banquet of the year was the Alumni Banquet held at the Park-American Hotel. This was unusually successful in that large numbers of alumni were back for the Silver Anniversary Celebration.

Spanish Club

ALL students who are either enrolled in a Spanish class during the current year or who have previously taken Spanish at Western are eligible for membership in the Spanish Club.

When the club was formed in 1928 the system of dividing into four groups, each group pursuing a definite type of Spanish learning or custom, was adopted. At the beginning of the year each member may join the group studying that in which he is most interested. Each group meets bi-monthly and once a month the four groups hold a joint meeting.

In order to learn to judge music typical of Spain the music group studies Spanish songs. "Ay! Ay! Ay!," "A La Orilla De Un Palmar," "Annapola," "Peyura," and several others are famous Spanish songs studied during the year.

The literature group learns much about Spain by studying its contemporary literature as well as its epic writing.

Students desiring adventure often join the social correspondence group for members of this group correspond with South American students. Besides being very interesting and instructive, the foreign letters which are received are often very romantic.

Several times the play group, which studies and dramatizes the Spanish drama, presented plays at the monthly meetings.

Book Review Club

THE Book Review Club is one of the newcomers this year into Western's campus organizations. It is a literary club that makes a special study of contemporary literature. Its members are keen enthusiasts of literature of all languages. They propose to keep abreast of the times by reading modern books and contributing of their readings to the rest of the club for their pleasure.

Numerous interesting programs have been enjoyed during the year. The literatures of England, France and Russia particularly have been studied and reviewed. It is a fascinating study, indeed, to note the contributions of the various countries to that which is worthwhile in the literary world. To discuss literary contributions adequately it was found expedient and wise to limit the membership to thirty members. This quota was reached the first year. The Book Review Club has a membership in the Field library and is kept in current touch with what is new in the literary field.

The social life of the organization has not been neglected. The first important event of the club's social calendar was the initiation of new members at a grab-bag party. Throughout the year several bridge parties were held. The outstanding event of the year was the banquet held at the Y. W. C. A. the last part of the winter term in which the new members were welcomed.

Much credit is due the faculty advisors, Miss Mary Little, and Miss Ruth Van Horn, who sponsored the club in its first year of existence. The Book Review Club has earned its place among the organizations of Teachers College.

Y. M. C. A.

SINCE 1917 the Young Men's Christian Association has been one of Western's active organizations. It aims at the development of a well rounded personality in all of its members in order that they may be prepared to take part in the life of the community in which they reside.

The programs of the weekly meetings consist of lectures by outside speakers, musical concerts, and discussions. Each year the club provides for "mixers" which are largely attended. This year the members took an active part in intramural athletics.

The Y. M. C. A. by sending men to the national conference at Lake Geneva, by sending delegates to state conferences, and by its deputation work provides splendid opportunity for individual development in Christian leadership.

Archery Club

ARCHERY, that aged but ever fascinating sport, is one of the many minor sports which are in existence on Western's campus. The Archery Club is directly responsible for this recreational pastime at the Teachers College.

The club meets once a week in the Manual Arts Building where time is spent in the making of equipment. This building is an ideal place for this form of recreation. Thus Western's Modern "Robin Hood and his men of the forest" meet the year round.

The aims of the Archery Club are to promote interest among Western's students in Archery and to instruct its members in the technique of "tackle" making. It further aims to stimulate an interest in a sport which can serve as a source of genuine enjoyment all through one's life.

In many high schools of Michigan today, archery is one of the extra-curricular activities found. In training students on the campus in the technique of archery, the club is giving a service measured not only in the enjoyment it affords an individual but a practical experience that can be taken into the teaching field.

The Dance Club

THE Dance Club was organized in the fall of 1928. The purpose of the organization is to give those women of Western who are particularly interested in dancing an opportunity to meet together for further study in character, clog, interpretative and folk dancing. Once or twice a year reports are prepared and presented by the members for the pleasure of the group.

In order to keep the organization informal the membership has been limited to forty. In the fall there was an open house meeting, from this group thirty were elected to become pledges. A delightful dinner was given early in the spring at which time those serving pledgeships became members. Miss Laura Shaw, the guest of the evening, spoke to the group on the "Art of Make-Up."

The club enjoyed cooperating with the Women's Physical Education Association in presenting a few dance numbers on the "Vodvil" program put on during the winter term.

The main interest of the year program was the study of the Pageant with the developing and producing of the dance numbers. The pageant was part of the celebration of the 25th Anniversary of Western State Teachers College.

A social gathering at the close of the Spring term concludes the club activities for the year.

Women's Physical Education Association

THE Physical Education Association was organized eight years ago for the purpose of stimulating a more intelligent appreciation in the work of physical education. The membership was opened to anyone having an interest in this work.

The program for the year of 1928 and '29 was a most successful one because of the big things it accomplished, and a most enjoyable one because of the great deal of interest and entertainment it afforded. Much of the time was spent in the raising of funds for, and the erecting of, a "shack" on the Kleinstuck Reservation. These funds were raised through the numerous sales sponsored by the different classes; through alumnae contributions; and, by a paying performance of vaudeville. This vaudeville was held in the Women's Gymnasium on March 6. The planning, erecting and furnishing of the building was completed during the spring term.

At some of the interesting meetings, were: Miss Messner, who has charge of the Medical Gymnastics at the Kellogg Sanitarium, gave an excellent illustrated lecture on Posture; Mr. Adelbert Pulling, Director of Camp Craft and Canoeing for the mid-west, who spoke on "Camp Craft"; Miss Curtis, assistant Director of

Howell, Scott, Warshefski, McDowell, Hoeksema, Potts, Elkins, Olin, Waisanen, Burke
 Boekeloo, Andrews, Wallace, Hamilton, Miller, Creen, Opal, McDermott, Merson

 Nowicki, Clark, Wendel, Baughman, Moore, Fouts, Hall

the Michigan Department of Physical Education, who led a discussion on physical education; and, Mr. W. G. Robinson, district representative of the National Playground and Recreation Association, who gave a most enjoyable talk on "Playgrounds."

The entertainments held throughout the year by the association, were of various forms. They were: A get-acquainted steak roast, at which time the "Big Sister" movement was adopted; a home-coming chocolate; a winter sports party; a Fall house party at Gull Lake; and a housewarming in the Spring.

PATHWAYS

*This is the word that year by year
While in her place the School is set
For every one of her sons must hear,
And none that hears it dare forget.
This they all with a joyful mind
Bear through life like a torch in flame,
And falling fling to the host behind—
"Play up! play up! and play the game!"*

—NEWBOLT

Athletics

Western's Athletics

THIS being the Silver Anniversary Year of Western State, it is pleasant to look back and see the progress and accomplishments of athletics at our school since their inception. Athletics had their beginning in a crude form in 1905 but it was not until 1907 that a trained coach was obtained. Outstanding high schools formed the large bulk of competition until 1910 when only teams of college standing were scheduled. During the period from 1907 to 1922 William H. Spaulding, one of the outstanding stars of the famous "Little Giants" of Wabash College, Indiana, piloted Western's athletic hopes. Viewing it solely from victories won, the years 1914 to 1917 were the greatest in Western's history but since that time stronger teams from larger colleges have been played.

The past year has been a successful one in all branches of athletics. A majority of games have been won by the teams representing all of the major sports. This is a fine record in that such teams as Lombard and Michigan "B" were met in football; Loyola, Ohio Wesleyan, and Valparaiso in basketball; and Notre Dame, Michigan, U. of Chicago, and Coe College in baseball. Western's track teams entered the Ohio and Drake relays and captured places at both of them. The two-mile relay team won first place at the Ohio Relays for the third consecutive time and set a new record for the event. Western has shown marked athletic prowess the past twenty-five years. We turn our attention to a future which holds vast potentialities.

The Athletic Board

THE Athletic Board is composed of the Registrar (chairman ex-officio), two faculty members appointed by the President, two student representatives chosen by the Student Council, the captains of the major sports teams, and the athletic coaches. This board was created as a means of supervising the various athletic activities of the school, and has taken over the work that was formerly performed by the coaches and special committees. Under its jurisdiction come such matters as eligibility, the sanctioning of awards, and tentative schedules.

The following people have served on the Athletic Board during the yast year:

REGISTRAR JOHN C. HOEKJE.....	<i>Chairman</i>
DR. WILLIAM MCCRACKEN.....	<i>Faculty Representative</i>
MR. H. D. CORBUS.....	<i>Faculty Representative</i>

BARNHILL, *Backfield*

CONLEY, *Backfield*

CORBAT, *Backfield*

FACING a tough schedule with the loss of seven veterans through graduation and with injuries and ineligibility taking several more, coach Martineau was forced to open the season with a lineup containing many men with little experience in varsity competition.

Chicago "Y" College was met in the season's opener and had little to offer in the way of opposition, Western winning 26-0. The Western attack, though somewhat effective, lacked smoothness and versatility, but the game brought out much promising material for later development. Frendt, Corbat, Se-

borg, and Strockis turned in touchdowns, with Frendt adding a couple of points after the score.

Ferris Institute, of Big Rapids, brought a flashy and inspired eleven to battle the Brown and Gold in the second skirmish. Tonkin, the diminutive star of the upstate team, was out-gained by Frendt, who scored all of his team's fourteen points. The doughty Red and White outfit put up a game battle but succumbed to the superior play of the Martineau eleven. The first score came shortly after an 85-yard kick by Barnhill. Frendt took the ball over again after Western

HAGADONE, *Backfield*

had recovered a fumble deep in Ferris territory.

An old tartar in the form of Lombard college, of Galesburg, Illinois, was next on the schedule. The invaders brought a team of seasoned veterans but they were forced to the limit to take a 14-0 decision. After outplaying the Olive throughout the first half, Western seemed to weaken and Lombard, led by the elusive "Shorty" Nickals, snatched the victory. Western's drive, though strong in mid-field, faded within the shadow of the enemy goalposts. The absence of Frendt, who was injured in the Ferris encounter, weakened the home front.

Western won its first Michigan Collegiate Conference game the following week by burying Detroit City College 45-0 on Roosevelt field in Detroit. The Brown and Gold backs ran through the Motor City team at will, while the defense smothered every Detroit threat. Frendt was again the star of the game, turning in several long runs for touchdowns. Martineau gave the entire squad a chance and was rewarded with some brilliant performances. Frendt and Lear each scored twice while Malone, Conley and Pembroke also lugged the oval over the final chalk mark.

JOHNSON, *Tackle*

LEAR, *Backfield*

MALONE, *Backfield*

MORNINGSTAR, *Backfield*

NICKEL, *Guard*

The annual Home coming day found the Michigan "B" team here for the feature game of the season. After a see-saw battle throughout the first three periods with neither team showing an advantage, Western suddenly unleashed a belated attack which carried the ball to the Michigan 20-yard line. After three plays had failed to gain and scarcely a minute left to play, Pembroke tossed a pass into the waiting arms of Owen Reynolds across the goal line. Final score Western 6, Michigan 0.

Western then travelled to Ypsilanti to help the Green and White celebrate their home-

coming. The Western 60-piece band and a delegation of over five hundred rooters accompanied the team.

Ypsilanti grabbed an early lead when they scored after recovering a fumble near the Western goal line. Western came back with two points shortly after when the forwards broke thru and downed the runner in back of his own goal. Early in the third quarter Harrison crashed through and blocked a punt, and scooped up the ball and dashed over the goal line. Frenndt kicked goal, putting Western ahead 9-6. Ypsi always threatened but failed to score until late in the

PEMBROKE, *Backfield*

STROCKIS, *End*

VALENTINE, *End*

last period when Boyd tossed a long pass to Stites. The home team scored against just before the final gun when Morrow took a short pass and outran the Western secondary for the last touchdown. Ypsilanti 18, Western 9.

The game with Central State was the season's finale and also decided the runner-up in the M. C. C. race. Playing in a sea of mud and a blinding snow storm, Western handed the Central aggregation a thorough 19-0 thrashing. Barnhill counted first on a reverse play from the 5-yard line. A pass, Pembroke to Frenndt accounted for the

second touchdown while Morningstar took the ball over on a triple pass behind the line in the third quarter.

The game marked the close of the gridiron careers of "Bill" Lear, "Al" Strockis, "Dick" Corbat, and "Swede" Reynolds, a quartet of veterans who gave their best in defense of their Alma Mater.

With a large number of let-termen returning, plus some promising material from the Freshman team coming up, the prospects for a winning team next fall are exceedingly bright.

WILLIAMS, *Guard*

SMITH, *Manager*

Freshman Football

WESTERN had one of the best freshman football teams in the state although they lost two of their four games. Under the tutelage of John Gill, the yearlings developed into an aggregation which will no doubt contribute heavily to the varsity squad next year.

The Freshmen opened their season against the University of Detroit first year team. The Detroiters managed to push over a couple of touchdowns in the second half to gain a hard earned 14-0 victory.

Coach Gill then took his team to Grand Rapids to play the Junior College. The home team, though they were heavy favorites, were barely able to squeeze out a 9-7 decision. The green shirts showed a marked improvement in every department.

Muskegon Junior College provided but a practice session for the yearlings, as every man on the squad took part in the 36-7 walk-away. The Frosh displayed a clever aerial attack which the Sawdust City crew could not check.

Alma College then sent a first year eleven which was undefeated in the M. I. A. A. but the visitors found the local freshmen played a superior brand of football and absorbed a 19-0 reverse. Although the game was played in a driving rainstorm, Western completely outclassed the opposition in every quarter and clearly deserved to win.

Ellingson (Trainer), Seborg, Wolfe, Taveggia, Read (Coach)
Strockis, Byrum, Nester (Captain), O. Grein, P. Grein

READ, *Coach*

GILL, *Freshman Coach*

ELINGSON, *Trainer*

WITH only four members of last year's varsity returning Coach "Buck" Read was forced to draw heavily from his sophomore talent. Captain Nester, Otto Grein, and Taveggia were the veterans returning along with Seborg, Wolfe and Strockis, who again donned their basketball togs after a year's layoff. Paul Grein and Byrum were the new men promoted to the varsity lineup from last year's freshman team.

Western began activities as usual by meeting an all star alumni team in the first game. The "Old Grads" showed flashes of form but couldn't stand the pace and gave up, 37-22. Hope College, of Holland, officially opened the season at the Hilltop gymnasium but the Dutchmen proved no match for the speedy Readmen and topped, 44-21.

Ohio Wesleyan then proceeded to wreck the Western combinations by wading through

the Hilltoppers defense to score a lop-sided, 52-34 victory.

Coach Read then took the team on a four-day road trip but the boys got off on the wrong foot and dropped a loosely played game to Valparaiso the first night out, 36-34.

They showed a complete reversal of form the following night, however, by outclassing Lake Forrest 36-16 but slumped again against Lombard and dropped a 40-25 decision.

Loyola University, Chicago, and Western clashed the following night at the Windy City, in what proved to be the classic of the season. The Chicagoans managed to eke out a 33-31 triumph after three furious overtime periods.

Manchester, an old rival, was next on the schedule and the Hoosiers fell 38-33 before some classy long range shooting by the invading Readmen.

Central State came next to

NESTER, *Forward*
Captain

BYRUM, *Guard*

FRENDT, *Guard*

O. GREIN, *Center*
Captain-Elect

P. GREIN, *Forward*

SEBORG, *Guard*

open the Michigan Collegiate Conference schedule. The visitors overcame a six-point handicap at the half to carry home a 27-25 victory.

Manchester then paid a return visit, but found the Brown and Gold again in form and were sent back under a 45-35 smarting.

Western then traveled to Mount Pleasant to battle the league leading Central quintet. The Readmen played mediocre basketball and lost 31-25.

Ferris Institute provided little more than a workout and was smothered 44-17 at Big Rapids the following evening.

The unbeaten Loyola quintet of Chicago put on a clever exhibition in their return game here to win 32-20.

Ypsilanti was no match for a rejuvenated Western combination which ran over the Green and White in dealing out a 39-26 humiliation.

Detroit City College, last year's M. C. C. winner, also ran into trouble on the Hilltop

and took a 40-35 reverse.

Out of the frozen Upper Peninsula came Northern State. The invaders staged a great finish but were on the short end of a 31-27 score at the final whistle.

Western won its third straight Conference game by upsetting Detroit 36-33 with a thrilling rally in the closing minutes.

The Detroit fracas left Western and Ypsilanti deadlocked in second place in the M. C. C. with the deciding game to be played on the latter's floor. It was neck and neck all the way with Western on top 31-27 at the final gun.

Valparaiso closed the season and the Hoosiers spoiled a nice winning streak by tossing in enough long shots to edge out a 31-27 verdict. It was the last game for Captain Nester and Strockis, who graduate in June. Otto Grein, the Captain-elect for next year, was the team's leading scorer, finishing a close second in the M. C. C.

WOLFE, Guard

Freshman Basketball

WESTERN'S 1929 yearling basketball team, under the tutelage of John Gill, kept the spotless record of Western's freshman cage teams intact by winning all of their eight games. Fifteen straight victories is the present record of Western's first year teams in the two years the Freshman ruling has been enforced.

The Green Shirts picked out Grand Rapids Junior College for their first victim and upset them, 35-30, after being doped to lose by a big margin, as the Furniture City team had scored decisions over some of the leading teams in the M. I. A. A. The boys took their second game from the Michigan State Frosh in a nip and tuck affair at the Capitol City, 30-25.

The Gillmen then celebrated their first performance on the Hilltop floor at the expense of the Ypsilanti yearlings who were snowed under 59-20 in a preliminary fracas. Detroit City College was the next assignment and the Motor City team met the same fate 35-20 after leading at halftime. The following week the Brown and Gold juniors paid their respects to the Tartar Frosh at the State Metropolis and carried off a 46-23 triumph after a mediocre start.

Grand Rapids Junior absorbed their second setback at the hands of Western on the Hilltop hardwood in the next fracas 33-20. The Bosmen were never in the game but rallied weakly at the finish. The frosh then copped the M. C. C. Freshman title at Ypsilanti by leaving town with a 43-27 verdict under their belt.

The yearlings closed the season by nosing out the strong Michigan State frosh 28-25. The Lansing team set up an early lead but the Green crowded them out before the intermission and managed to cling to their margin until the final gun although the losers staged a gallant rally in the closing minutes.

KNOERTZER, *Manager*

HOPE College, Western's traditional "opener," came to the Hilltop early in April just as the weather man began doling out some warm sunshine. The "Dutchmen" had a fair club but were unable to solve the pitching of any one of Western's three hurlers, and succumbed 10-1.

Chicago University turned the tables on Western the following week and handed the Hyamesmen a 10-2 drubbing. Western got as many hits as the Big Ten team but failed miserably in the box, passing out ten bases on balls.

Hyames then took his men on a three game trip into Indiana and Illinois, meeting Notre Dame in the first game.

NESTER, Third Base
Captain

Part of the game was played in a snow-storm and in frigid temperature. "Dick" Corbat, pinch-hitting in the ninth, started a three run rally which fell two runs short of tying the Irish. Final score Notre Dame 13, Western 11.

St. Viators of Kankakee, Illinois, was the next opponent and made use of the "breaks" in a free for all, winning 12-7. The final stop was Lake Forrest, Western winning 4-2 in a well played contest featured by the stellar hurling of "Lefty" Kimball, the ace of the Brown and Gold staff.

"Bob" Hagen took the mound against Adrian the following week and turned them back 8-1.

McCARTY, Shortstop
Captain-elect

KIMBALL, Pitcher

CORNELL, Second Base

WEYBRIGHT, Outfield

ROE, Outfield

Two days later West Virginia invaded the Hilltop diamond. The visitors set up an early lead but Western evened the count in the late innings, only to see the Mountaineers drive Kimball from the box in the tenth to win 8-5.

Adrian again fell before Hagen's slants in a pitcher's battle at Adrian and Juddy then marched his troupe back across the state to open the Michigan Collegiate Conference season at Ypsilanti. Kimball was again invincible and blanked the Green and White 6-0. One hit was the sum total taken from his offerings while Western sewed up the game with a powerful finish.

CORBAT, Shortstop

The second Conference game was played at Mt. Pleasant the next week and the Centralites toppled 3-1. "Effe" Johnson's circus catch of Pulkiner's foul, with the bases full in the ninth, broke up the Central rally. A single error marred the Western defense.

St. Viators, primed for another hitting bee, arrived for the return engagement. "Al" Strockis, a new find in the flinging corps, south-pawed the Catholics to death for eight innings until he lost control in the final frame and a walk and a hit, coupled with two errors, tied the count. For five more innings Strockis held the visitors away from the plate while

HAGEN, Pitcher

JOHNSON, Catcher

MUMA, First Base

STROCKIS, Pitcher

his mates curled up before Walska, the St. Viator flinger, but the Western infield cracked in the fourteenth and the opposition pushed across a trio of markers, to win 5-2.

The Hyames men then redeemed themselves against Chicago Y. M. C. A. College by pounding out a 21-2 victory. Hagen held the Chicagoans hitless until the seventh. Van Lewen hit the first ball pitched for a home run.

Ferris Institute took a double pasting the following Saturday, dropping the morning game 7-1 and the final 7-5. Strockis and Maas were the winning pitch-

SWAFFORD, Third Base

ers. Facing Central State with the M. C. C. Pennant at stake, Hyames left it up to Kimball to turn the trick. "Lefty" responded with a sparkling one-hit performance, whitewashing the Central crew 4-0. Roe and Captain Nester banged out triples.

A heavy rainstorm prevented the return game with Ypsilanti and the Hilltoppers hooked up with an all-star alumni team in the season's finale. The old stars lived up to their name and gave the varsity a little lesson in baseball. Harvey Freeman '21 toyed with the batters while his cohorts accounted for a 4-1 triumph.

Freshman Baseball

LAST year being the first that the Freshman ruling was in effect at Western, the yearling diamond squad was unable to find collegiate competition for a complete schedule. However, Coach Charles Maher developed an aggregation which bids fair to place several men in this year's varsity line-up.

The Frosh started the season none too impressively by dropping their initial contest to the crack Battle Creek High School team 6-4. They showed slight improvement in defeating Detroit Northwestern in a hectic exhibition 18-17, the following week. Although the hitting was quite up to par the pitching staff was slow getting into shape.

The return game with Battle Creek was pulled out of the fire by a ninth inning rally after the home team had led throughout most of the game. The Crickets saw a three run lead wiped out to lose 9-7. Mackay and Blackney clouted home runs.

Ypsilanti Frosh were given a four run lead in the opening frame when Saltzer hit a home run with the bases loaded but they failed to dent the rubber again while Western, led by Lockwood and Alleger, counted six times. Pray and Gerhardt formed the winning battery, the former holding the Ypsi juniors hitless after a shaky first inning.

Numerals were awarded to the following:

Russell Alleger, George Cooper, Lloyd Lockwood, Willard Blackney, Charles Stilec, Malcolm Mackay, Sec Violetta, Paul Gerhardt, Hilan Pray, James Tracey, Robert Decker, Clifton Ragen, Clifford Magwood and Richard Larrimer.

MARTINEAU, *Coach*

OUTDOOR TRACK

WESTERN State opened her 1928 outdoor track season when our two-mile relay team captured third honors against a fast field at the Drake Relays. The Hilltop team held the lead until the start of the final half mile.

A week later the same team annexed first honors in the college division of the Ohio relays. The Brown and Gold team stepped the double mile in 8.29 which was excellent time as the track was soaked with water.

T. SMITH, *Freshman Coach*

BROOKS, *Dashes*

Loving was the high point man of the meet, garnering 15 points, and Barnhill, Ferguson, and Gaines turned in 10 points apiece. The down-staters were no match for the local thin-clads and the local team lead from the first event.

The Hilltoppers did not fare so well in the State track meet, only copping third place. Michigan State was first, with Michigan State Normal second and Western third. Gaines captured first in the broad jump and "Bill" Loving won the 120-yard high hurdles. Van Mere placed third in the two-mile, and Barnhill brought home fourth honors in the discus.

Ypsi squeezed out a ten point victory on June 2, in the annual dual meet held in the Michigan

CUSHMAN, Pole Vault

DUTT, Dashes

FISHER, *Distance*

LOVING, *Hurdles and High Jump*

MURPHY, *Distance*

State Normal city. Ferguson copped the 220 and placed third in the century. "Bill" Loving annexed first honors in his specialties, the 120-yard high hurdles, and he also tied for first in the high jump, with "Eddie" Gaines, who lead the pack in the quarter-mile.

A week later the well balanced Ypsi track team copped the Michigan Collegiate Conference meet held here with 71 $\frac{5}{6}$ points, Western State was second with Detroit City College third with 36 $\frac{1}{3}$ and Central State fourth with 16 $\frac{1}{3}$ markers. Walter Rogers, the Western State 880 ace, broke the Hilltop half-mile record when he stepped it in 1:59.1.

Rogers won the only Western blue ribbon.

The thin-clads closed their season when Coach Martineau took a few of his spiked specialists to Chicago to compete in the National Inter-collegiate meet at Chicago.

INDOOR TRACK

The Hilltoppers track squad came from behind to tie the strong Ohio Wesleyan squad at 52 all. The Brown and Gold thin-clads scored a slam in the high jump and then ran away from the Bishops in the relay. The Ohio school took five firsts, four seconds and five thirds. Western garnered four firsts, seven seconds and six thirds.

M. SMITH, *Distance*

TEETERS, *Half-mile*

WHITE, *Hurdles and Dashes*

BARNHILL, *Weights*

GAINES, *Dashes and Jumps*

FERGUSON, *Dashes*

Ypsi again nosed out the Hilltoppers but this time by only one point when the two teams clashed at Ann Arbor, 52½-51½. Norman Dutt won the 440, Gaines lead the field in the half-mile and Van Mere won the two-mile. Hackle and Loving tied for first in the high jump and Barnhill won the shot.

Our tracksters made a creditable showing at the annual Michigan State Relay Carnival held at East Lansing, winning two relays and three firsts in the special events. Western's 880-yard team and our Freshman 880-yard relay squad won the two relay trophies. Loving

LUNDQUIST, *Hurdles*

won both the 40-yard high hurdles and the 40-yard low hurdles and Hackle annexed first honors in the high jump when he fell a half an inch short of breaking the carnival record.

Western took ninth in the Central Intercollegiate meet at South Bend. Gaines placed second in the broad jump and Hackle tied for second in the high jump. Our medley relay placed fourth.

Our indoor season closed when our two-mile relay team captured fourth honors in the Illinois Relays. Our mile relay squad also placed in the money with fourth honors.

ROGERS, *Half-mile*

VAN MERE, *Distance*

Fisher

Gaines

Evans

Rogers

Two Mile Relay Team

WESTERN State's two mile relay team, blue ribbon winners in the Ohio, and Cleveland Relays, is one of the highest ranking double mile squads of college class in the country. The team was composed of Gaines, Evans, Rogers, and Fisher.

Last season the squad splashed their way to victory in the Ohio Relays to win their second consecutive triumph in the college class. Previous to their two mile victory at Columbus the quartet had annexed first honors in the Cleveland Relay and placed third in the Drake Relays.

Three of the quartet are again in school this year and there are several good eight-eighty yard men to fill in the vacancy left by "Walt" Rogers. Much is expected of this quartet when the out-door season opens as they will return to Ohio and Drake to defend their honors.

Smith, Brown, Sheldon, McGuire, Murphy, Morrow

Cross Country Team

WESTERN State's cross country team opened their season by copping second place in the Michigan Collegiate Conference meet held at Ypsilanti. Ypsi placed first with a perfect team score of 15 points, Western second with 55 points and Detroit City College third with 61 points. "Ken" Brown placed ninth and was the first Western man to finish.

The following Saturday the Hilltoppers again placed second to Ypsilanti in the state inter-collegiate meet held at East Lansing. Captain Myron Smith lead the field to the tape capturing the individual state title but the rest of the team were unable to match his performance and we were shoved into second place. Fisher, of Western, placed sixth and Morrow was tenth.

The cross country season closed with the annual all-campus cross country run. "Ike" Fisher finished first with Gay, the leading frosh hill and dale man, second, and Art Sheldon third.

Morris, Sheldon, Malone, Steimle, McGinn,
 Richter, Steffey, Wegerly, Moulthrop, Houston (Coach)
 Irwin, White, Blanchard, Wolfe, Dutt, Hackle, Maloney

Freshman Track

WESTERN State's yearlings swamped the Muskegon Junior College in their only outdoor appearance, 93-29. Clair Dutt was the big noise of the meet, winning five firsts and a third for a total of 26 points.

The first year men opened their indoor season by dropping their first meet to the strong Notre Dame frosh, which had two former Canadian Olympic men on their team. Western's team was completely outclassed by the South Benders. Balmer, a pole vaulter; Shrier, high jumper; and Harper, a weight man, turned in good performances.

The Hilltop juniors closed their indoor season by swamping the strong Central high team 65-20.

LEWIS

BELLER

The Brown and Gold standard of Western was carried into new fields of glory last year by the Western tennis team which staged such a game fight for popularity against the major athletic games and is now practically assured of a permanent position on the sports calender of the Hilltop.

Western State's 1928 tennis team, State and Conference Champion, was ranked among the leading teams of the middle west. Coach Lee Hart's veteran club swept through the season without the loss of a meet and defeated Michigan State College in finals of the State Tournament at East Lansing. To Captain Morton, Lewis, Beller, Miles, and Braford we extend heartiest congratulations upon their splendid record.

Western opened the season at Grand Rapids where the Junior College was defeated 4-3. Detroit City College failed to win a match the following week and was white-washed 6-0. Grand Rapids fared no better the next week, Western winning every match.

Oberlin College invaded the Hill-top courts with a spotless record but the Ohioans could take but two of the six matches with the Western netmen for their only reverse of the year.

Playing on Detroit courts, Western was forced to the limit to conquer the Tartars who captured three matches to four for the Western quintet. Olivet failed to receive any mercy whatsoever and left the courts without winning a match. Western 6, Olivet 0.

Western swept through the State invitational meet at Hillsdale to carry off top honors and then added the Michigan Collegiate Conference Cup by defeating Detroit City College in the final match. "Al" Beller took the singles crown while Morton and Miles annexed the doubles. Pitted against Michigan State College in the State finals Western won the state title when Beller and Lewis took the doubles and Lewis finished as runner-up in the singles.

BRAFORD

MILES

MORTON, *Captain*

Freshman Tennis

WESTERN also boasted a crack yearling tennis squad which turned in an impressive record. Although they were rained out of several meets the Frosh won from Muskegon Junior College 5-1, defeated Battle Creek College 4-1; and tied the Foodtown team in the final meet 3-3.

Ranking number one on the squad was Warren "Skinny" Byrum of South Bend, Indiana, closely followed by Frank Householder of Benton Harbor. This pair did not lose a match during the entire season and will likely be found on the Varsity squad this year. Rounding out the group were Rex Branch of Lake Odessa and Julius Chase of Grand Rapids, two promising young players who also deserve honorable mention.

Men's Intra-mural Athletics

WESTERN can truly feel proud that she has as one of her students a man who holds the amateur senior light-heavyweight boxing championship of the United States. This man is Martin Levandowski, popular member of our student body.

"Marty," as he is known by his friends and classmates, won the title of national junior light-heavyweight last year. Shortly after this he entered the Olympic trials and succeeded in reaching the finals only to be forced out of competition by an injured ear. He was rated by the judges as the possible winner of the contests at the time of his injury.

This year "Marty" kept up the good work. Early in the season at Detroit he annexed the title of senior light-heavyweight champion of Michigan. Shortly after this in a bout at Gary he won the mid-west title and then this spring at Boston won the national title.

"Marty" has been his own teacher, trainer, and manager during his climb up the ladder of fame and deserves a good deal of tribute for his success. In addition to bringing glory to Western he has, during his workouts, trained a number of students for the intra-mural boxing contests that were staged this year. Anyone who has witnessed these bouts knows that our champion is as good a coach as he is boxer.

"Marty" is a sophomore on the campus having entered school in the fall of 1926. During the rest of his college career his progress will be watched with interest by his fellow students.

MARTIN LEVANDOWSKI

Heavyweight Champion of
the United States

INTRA-MURAL BASKETBALL CHAMPIONS
Benninson's Freshmen
Benninson, Ward, Hudnut, Moore, Whalen
Schrier, Harper, Matulis

INTRA-MURAL sports have made rapid strides on the Hilltop campus during the past year. Over five hundred men participated in the various intra-mural programs that were carried out under the direction of Charles Maher.

The Benninson Frosh basketball squad won the Championship in the class league and later in the year annexed the school championship by downing the strong Oteyokwa quintet, winners in the organization league.

Each league was composed of ten teams and they played a schedule of twelve games, playing twice a week. The winners in each league met for the championship of the school. The Tribunal finished second in the Organization division, with Wynn's frosh second in the class league.

ORGANIZATION LEAGUE CHAMPIONS

Oteyokwa Club

Kennedy, Sager, Malone

Norlin, Ojala, Jacobson

An all-campus boxing and wrestling tournament was held on March 7, classes in boxing were conducted all winter term under the tutorship of Martin Levandowski, national amateur light heavyweight champion, and Neil Kilbane, a professional boxer who is enrolled in school. The wrestling classes were conducted under the direction of Victor Reisig. The winner of each of the seven classes in boxing was awarded the official intra-mural medal.

Willet Mathers won the ladder hand ball tournament.

Last spring two diamond ball leagues were conducted and an all-campus tennis tournament was held. The Country Life team won the diamond ball championship in the organization league, while the Sophomores annexed the class league title. The teams did not play off.

Women's Athletic Association

THE W. A. A. was organized in the fall of 1927. Its aim is to enter every woman of the college in some athletic activity preferably one that will carry over after college, as well as offer recreation now. This should be the outcome of enjoyable "get togethers." Every woman of the school automatically becomes a member upon the payment of her athletic fee.

The gym party given by the W. A. A. in January made many new friends and afforded a good time for those participating. The mock wedding put on by the faculty of the college was perhaps the most unique number of the evening. In February the organization sponsored a very successful toboggan party at Long Lake. Five busses transported the women from the college to the slide. Coffee and doughnuts were served and the group chatted excitedly about their experiences all the way home.

W. A. A. Basketball

FOR the second consecutive year, the Rural Education department co-eds of Western State Teachers College have won the championship in the all-college women's basketball tournament.

Fifteen games were played in the series, every department playing every other department. The Rural Education department scored a total of 187 points against their opponents 35 points, entitling them to the silver trophy. Teams were entered representing the Rural Education, Later Elementary, Early Elementary, Junior High, Senior High, and Degree departments of the college. The Later Elementary team took second place in the tournament.

Bessie Zavitz, captain of the Rural team, was high point winner with 96 points. Marie Wilbur of Vandercook Lake, representing the Senior High, was second with 35 points. Edna Rever of Brooklyn and Jeanette Jackson of Portland, with 26 points, tied for third place.

Round Robin Tournament

THE Round Robin Basketball tournament of the Women Physical Education majors for 1929 was played off in a fast and exciting style. The initial game was between the sophs and frosh with the sophs coming out victors; the same day the seniors carried off the honors against the juniors. In the following games the sophs outscored the seniors but lost to the juniors by a one-point margin, while the freshmen outbasketed both the seniors and juniors. The results were satisfying to all as the sophomores and freshmen tied for first place; the seniors and juniors tied for second.

MAJOR VOLLEYBALL CHAMPIONS
Wallace, Vander Brook, Moore
Mersom, Kiem (Captain), Hamilton

Archery

THE Archery Club under the auspices of the W. A. A. was organized in the Fall of '28. Both indoor and outdoor ranges made possible by the co-operation of the Men's Physical Education Department, gave the girls considerable space for practice at all times. Many of the girls became very accurate and skillful in the art. Matches were planned and played which proved to be of great interest to the girls.

Tennis Tournament

PROBABLY one of the most interesting and popular events in the co-ed circles was the tennis tournament which was held last spring. The entries numbered about fifty. Play was started about the middle of the term and was terminated in the last week of school. Excellent tennis and aroused enthusiasm featured in the interest shown. In the semi-finals Miss Maxine Hall, Miss Margaret McConnel, Miss Winnie Veenstra, and Miss Mureen Wendel were still in the running. Out of this group Miss Maxine Hall and Miss Veenstra went to the finals in which Miss Veenstra won.

Jones, Brant, White, Ford
Warshefski, Veatch, Vander Brook (Captain), Huth

W. A. A. Baseball

THE spring of 1928 brought a highly interesting baseball schedule. The class of '31 finally emerged victorious. Their first game against the juniors and seniors saw some very flustered frosh who finally settled down and easily took the lead. The final score was 13-8. Their second opponent was the class of '30, then sophomores, who gave them a hard fight for two innings but finally succumbed to the score of 19-8.

The Sophomore team consisted of: VanderBrook (capt.), Ford, Hall, Huth, McConnell, Redmond, Scott, Tompkins, Veatch, Warshefski, Wendell, White, Jones, Brandt.

MAJOR HOCKEY CHAMPIONS
Osborn, Kirby, Ruell (Captain), Buchanan, Vandenberg
Boese, Miljevich, Lash, Newton, Lott

MUCH of Western's progress has been due to the loyal support of her friends, the citizens of Kalamazoo. It is only fitting and proper in this, her Silver Anniversary, that we, as students, should extend our heartfelt appreciation and gratitude to our benefactors.

Jack Dold: What part of the chicken do you wish?

Customer: Some of the meat, please.

Cass: Pretty mild winters you have down here.

Orin Howe: Mild! Do you call two feet of snow mild?

Cass: Two feet! Say, man, the snow was so deep in the U. P. last winter that the farmers had to jack up the cows to milk 'em.

Ig: What kind of a dog is that?

Natz: A hunting setter.

Ig: Whatcha mean?

Natz: He hunts bones an' then sets and eats them.

Judge: And you still claim innocence, altho six witnesses say they saw you commit the crime?

Joe Adams: You big Ham, I can produce six thousand that didn't see me.

Mary's face reminds me of a beautifully tinted cup.

Yes, it's a beautiful mug.

Waiter: What'll you have, sir, table d'hote or a la carte.

Bestrom: I'll have both of 'em, and put lots of gravy on that first one.

*"A Square Deal in Business" Was
the Inaugural Message Read Out
By This Store 48 Years Ago*

A STORE LIKE THIS NEVER "JUST HAPPENS." Somebody must have a vision and put years of strength and power back of it to shape things toward the ideal.

The real ideal of this store has not yet fully appeared. Year by year we approach it. It unfolds itself little by little in forms of new beauty, new courtesies and modern ideas.

This is Kalamazoo's 100th year...our 48th year, and though we are not quite half as old...we take great pleasure in looking into the future...with one thought in mind...Striving to be masters in the art of service, and experts in the collection of things for Men, Women, Children and the Home...and in this endeavor will we continue to progress, with Kalamazoo.

QUALITY. Always has first consideration here. You must not only be pleased, but you will be.

SERVICE. Thirty years of it, and still at it.

PRICES. Always reasonable, never high.

THE STORE THAT SERVES YOU BEST

6154 PHONES 6155

For those who have a good memory you may remember that we tied the Postum baseball team this season. You need not remember what we tied them to; it is sufficient to know that our boys did the job. Now history has it that these same Postums played a certain southern team whose twirler's name was Paystem. Therefore it became the job of Paystem to paste 'em to Postum in such a manner that Postum could not paste 'em to Paystem's Past-ers. The crowd began yelling Paystem paste Postum and the opposition took up the cry of paste 'em Postum paste 'em. Paystem's pasting condition was below average and Postum began pasting Paystem all over the lot. The main weakness was that Paystem's pasting lacked the velocity to keep the Postum pasters from pasting Paystem's most wicked pasters to Paystem's pasters who in turn were attempting to paste the Postum pasters to Paystem so that he could touch the Postum pasters out. Some paste was dropped on the script here and you will have to figure the rest of it out for yourself.

Porky: Would you marry a girl that is as pretty as a picture?

Dick Frankoski: Yes, if she had a good frame.

The guy who named small change "chicken feed" evidently never took a girl out to supper.

Marriage is an institution. Marriage is love. Love is blind. Therefore marriage is an institution for the blind.

A little lemon now and then.
Is good for some conceited men.

First Prof: "That assembly speaker opened the eyes of the students this morning."

Second Prof: "Well, what did he say?"

F. P.: "Amen."

A word to the wise is sufficient; but some assembly speakers think we are all fools.

TITLE INSURANCE

IS PROTECTION against title defects (including forged deeds, forged releases of mortgages, deeds by incompetents, or other ineffective realty transfers, which the records do not show, which therefore could not be shown on the best abstract ever compiled!)

IT IS THE GUARANTY of the Insuring Company that if ever claims are made against your title, the GUARANTY COMPANY will defend your title in Court, if necessary, at its own expense, reimbursing you for loss thereon, up to the amount of your policy.

It is not expensive; and altho' new to Kalamazoo, it is a time-tested, widely known, State approved, sensible method of Title Protection, which the modern community *demand*s, when it is fully understood.

Our connection *as Title Company* with the UNION TITLE AND GUARANTY COMPANY, DETROIT, *as Insuring Company* guarantees to all Policy Holders, the *safest form of title protection known!*

Title, Bond and Mortgage Company of Kalamazoo

125 EXCHANGE PLACE

Mr. Carter was attempting to show the difference between facts and inferences. "It is a fact," explained Mr. Carter, "that August is the hottest month in the year." It is also a fact that there are more divorces during that month than any other month of the year. Those are the facts, now go ahead and draw your own inferences.

He's a gentleman of the old school.
You mean a liar.

SELF RELIANCE NECESSARY

"And why should we endeavor to rise by our own efforts?"

"Cause there's no tellin' when the alarm clock will go wrong."

APPROACHING IT CAREFULLY

The freshman class in trigonometry was reciting.

"And have you proved this proposition?" asked Mr. Bartoo.

"Well," said Al. Beller, "proved is rather a strong word, but I can say that I have rendered it highly probable."

SEVERAL ALTERNATIVES

"So you think a college education is a good thing for a boy?"

"Yes, I think it's a pretty good thing. Fits him for something in life. If he can't catch on with a baseball team he can often land a job as a professor."

This BOOK is cased in an S. K. SMITH COVER — a cover that is guaranteed to be satisfactory and is created and SMITHCRAFTED by an organization of craftsmen specializing in the creation and production of good covers. Whatever your cover requirements may be, this organization can satisfy them.

Good Positions Open

The easiest way to earn money is to let your savings work for you. The best time to get your savings a job is now, the best place is in this public service supplying the vital needs of our prosperous State.

But you say, "I have no money to invest, I'm just out of school with my way to make." Each month a small portion of your savings put to work will in a surprisingly short time grow to be a comfortable sum. And each day and night, every cent of it will be working for you with no vacations, no holidays.

There are good positions in this busy business for your savings, no matter how small. Just ask our employees about our partial payment plan for buying Consumers Power \$5.00 Preferred stock, then get your savings a profitable job here.

You will then have been graduated into the school of Thrift with its many real rewards for achievement.

PRINTERS - BOOKBINDERS - RULERS - OFFICE OUTFITTERS

A certain sociology instructor on the campus has been known to compare the difficulty of obtaining various government licenses. Classified under those easy to obtain but dangerous in their subsequent use were the following: marriage licenses, drivers' licenses and restaurant management licenses. While a group of nearly unattainable warrants we have listed: dog, hunting and fishing licenses. He also points out that a marriage license costs in the neighborhood of \$2.50 while a dog license costs on an average about \$4.00 and that many marriages seemed to have been discounted about 80%. Well, we have never been able to figure out what the extra \$2.00 was for either.

Jack Zaremba in Lee Hart's Geometry class explaining a line of geometric reasoning:

A loaf of bread is a necessity. A steam engine is an invention. Necessity is the mother of invention. Therefore a loaf of bread is the mother of the steam engine.

MRS. K. WILLOUGHBY, Prop.

Miss N—— had told her class in advanced rhetoric the previous day that they were to read three essays, preferably each essay from a different magazine. Miss N—— had been forcing the class to study and was in consequence receiving many complaints about overwork.

"Miss N——," said Mary Needham, "do you object if two of the essays we read are in the same magazine?"

"No, not if the essays are both of exceptional merit," replied Miss N——.

"The reason I asked," continued Mary, "was that after completing one essay in this magazine I noticed another essay entitled 'Is Sleep A Vicious Habit' and after being enrolled in this course for three weeks I wondered just how vicious it was going to be."

Father—Now, my dear, don't forget to telegraph me on your arrival at college.

Daughter—I won't, Daddy! and I'll make the check just as little as I possibly can.
